PROCEEDINGS OF THE ANNUAL CONVENTION OF THE AMERICAN NUMISMATIC ASSOCIATION

The first business session of the 67th annual convention was called to order at 9:30 a.m. in the Statler Hilton Hotel, Los Angeles, California, on August 14, 1958, with President Oscar H. Dodson in the chair.

The invocation was pronounced by Rev. Douglas Harrell.

The President introduced the General Chairman, Earl Glen Whitehead, who extended most cordial greetings and a warm welcome to all those in attendance. He explained that every effort had been made to provide for the comfort and enjoyment of members and their guests.

The President introduced Richard P. Goodson, President of the Los Angeles Coin Club, who delivered the address of welcome.

The President called for a brief period of silent prayer in tribute to the memory of members deceased during the year.

First Vice President Glenn B. Smedley assumed the chair and invited the President to present his annual report.

ANNUAL REPORT OF THE PRESIDENT

GENERAL

During the fiscal year ending June 30, 1958, the American Numismatic Association has continued to demonstrate a healthy growth, and has maintained a sound financial position. Our total membership is now 15,032. This is a net increase of 1470 or about eleven per cent. During the year a total of fifty-two new local clubs were organized. Clubs are now meeting in every state in the United States and in all major cities. In addition to our members, *The Numismatist* goes to 1024 non-member subscribers, including many public and private libraries. Overseas *The Numismatist* is delivered to our members who are in the military and diplomatic services in many parts of the world. *The Numismatist* is also read by members or subscribers in some forty-eight nations, including a few copies which reach museum curators and collectors living behind the Iron Curtain.

FISCAL

The total income for the fiscal year was \$121,082.59, total expenses were \$114,045.19, leaving a surplus of \$7,037.40. The association does not attempt to operate at a profit. However, the annual budget is drawn in an effort to insure that income will always slightly exceed expenses.

COMPLAINTS

With the expansion in membership there has been a substantial increase in the number of part-time and full-time dealers, and, with several new numismatic publications carrying advertising, the number of mail-order transactions has sharply risen. With this expansion has come an increase in complaints and appeals to the A.N.A. This problem has received the close and sympathetic attention of the Executive Board.

In order to reduce complaints and misunderstandings to a minimum, the association maintains the highest standards of reliability in advertising in *The Numismatist* and rejects any advertisement which appears to be unreliable, misleading, or unethical, such as offering coins with dates or mint marks altered.

However, the A.N.A. is *not* in a position to become officially involved in petty and private transactions. In our Federal Charter the basic objective of the Association is quoted as "to advance the knowledge of numismatics along educational, historical, and scientific lines." The association cannot act as a collection agency, it cannot arbitrate disputes on coin grading, it cannot act as police officer, postal inspector, nor as judge or jury. Within the realm of

its limited authority, by careful control of advertising in *The Numismatist* and of membership, the A.N.A. will continue efforts to protect all members against the very few unscrupulous dealers, and also to protect our dealers against the very few unworthy members — *but* — please keep in mind that there is no way in which the A.N.A. can supervise, regulate or control the coin business.

PEOPLE TO PEOPLE PROGRAM

At a White House conference in 1956 President Eisenhower inaugurated his People to People program to encourage cultural exchanges with peoples of other lands, and through increased understanding, to help build the road to an enduring peace.

President Eisenhower expressed the hope that all American private organizations would aid this program.

The A.N.A. has strongly supported this White House plan. Under the Chairmanship of Mr. Vernon Brown, a campaign was waged to raise funds to bring as our guest to this convention a prominent numismatist from behind the Iron Curtain. More than 76 of our local clubs and many individuals contributed to this worthy cause. A total of over \$611 was raised.

In March, the A.N.A. President extended a cordial invitation to Dr. Rastislav Maric, formerly Professor of Classical Philology at Belgrade University and at present Curator of the National Collection of Coins in the Yugoslav National Museum, to come to this convention as a guest of the A.N.A. Dr. Maric replied in April, expressing deep appreciation for the invitation, and asking if he could present a paper on Early Serbian Coinage, but stated it would be necessary to secure approval for the trip from his superiors in the government. On July 10, we were disappointed to receive word through the State Department in Washington that Dr. Maric regretted he was unable to accept the invitation.

On this project where do we go from here?

Your President believes that freedom and liberty are contagious; that the A.N.A. should continue to aid in tearing down the barriers of ignorance and misunderstanding.

It is therefore the present plan of the Executive Board to extend a new invitation to another foreign numismatic scholar to be the guest of the A.N.A. at the Portland, Oregon, Convention in 1959, and to use the funds collected this year for that purpose.

In consonance with the spirit of the People to People program, the President extended a warm invitation to our good neighbor societies, the President of the Canadian Numismatic Association, the Presidente of the Sociedad Numismatica de Mexico, of the Cuban Numismatic Society, and of the Philippine Numismatic and Antiquarian Society to attend this convention and to be the guest of the A.N.A. at our Annual Banquet.

In response to these invitations, we are delighted and honored to have two distinguished guests at this convention: Mr. Vincent G. Greene, President of the Canadian Numismatic Association, and Captain Walter A. Thompson, Dental Corps, U. S. Navy and Mrs. Thompson who are representing the Philippine Numismatic and Antiquarian Society. These distinguished guests will be introduced at the Banquet.

PLANS FOR FUTURE EXPANSION

As a result of the explosive growth in membership in recent years, the problems of the immediate future are becoming increasingly varied and complex.

With more than 1000 enthusiastic members now attending our national conventions, the number of hotels with facilities to accommodate our meetings is strictly limited. To insure adequate hotel space, it is now necessary to plan annual conventions at least four years in advance.

To meet future needs, the Executive Board also has under study the establishment of a Building Fund to which members could contribute and which would eventually be used to provide the A.N.A. with a permanent national headquarters where the association could concentrate under one roof the presently scattered offices of the General Secretary, the Advertising Manager, the Editor, Treasurer, Library and Librarian, Custodian of Slides, along with our Curator, and a Museum for the proper display and safeguarding

of the present A.N.A. collections and future gift collections. In recent years, the A.N.A. has lost several valuable collections which it might have received had adequate space for proper housing and display been available.

The President believes that our association should be constantly on guard against too heavy an emphasis on the purely commercial aspects of numismatics. The recent trend in this direction has changed some formerly learned clubs into penny bazaars. To permit this to happen to the A.N.A. would be a disservice to the Science of Numismatics.

Furthermore, in future planning the President feels that the A.N.A. owes a definite responsibility to our legion of new members, to stimulate their curiosity, to turn them from the search for die-breaks, double strikes, and the sixty-four varieties of the 1914 Lincoln cent, to lift their eyes upward where they may visualize the glamour, the romance, and the historical significance of the coinage of the world through twenty-five centuries. In other words, the A.N.A. should encourage the beginning collector to become an informed numismatist rather than to remain a mere accumulator.

PRESIDENTIAL INVITATIONS AND TRAVEL

During the year the President represented the association at the Centenary Meeting of the American Numismatic Society in New York City, at the 1000th meeting of the Rochester, New York, Numismatic Society, at the Central States regional meeting in Cincinnati. In September the President will attend the Canadian National Convention in Ottawa. Talks were made before the Champaign-Urbana Coin Club, the Bronx Coin Club, and the Atlanta Coin Club.

It is regretted that several other thoughtful invitations to attend regional meetings or annual banquets could not be accepted due to conflicting engagements.

AMERICAN NUMISMATIC SOCIETY

The President is pleased to comment on the fine spirit of cooperation which exists between the A.N.A. and the American Numismatic Society of New York City which in April celebrated its 100th anniversary. Here in Los Angeles, the Society is represented by a stimulating exhibition of coinage through the ages as well as samples of a few of their scholarly numismatic publications.

ACKNOWLEDGEMENTS

No group as large as the A.N.A., or growing so rapidly, could possibly function effectively without a host of loyal and devoted members who are willing to give part of their valuable time to the advancement of numismatics through hard work for our Association. To single out a few names would be unfair to many others equally deserving.

Our A.N.A. officers, both elected and appointed, who have served with me, are, in my opinion, a competent team, earnestly dedicated to the best interests of the A.N.A. I would like to have them working with me, any time, anywhere, in peace or in war.

CONCLUSION

I believe a careful study of the annual reports of our various officers will indicate that the American Numismatic Association is in a healthy and flourishing condition and is making a worthy contribution to the Science of Numismatics. Only through the intelligent interest and active cooperation of our membership can we maintain progress along this highway.

It was moved and carried (unanimously) that the report of the President be accepted with thanks. President Dodson resumed the chair.

The President announced the appointment of the following convention committees:

Credentials: Past President Leonel C. Panosh, Chairman.

Audit: William A. Philpott, Chairman.

Resolutions: Harry M. Lessin, Chairman, George Bennett, Clyde L. Grimm, Jack R. Koch, John Jay Pittman, Charles L. Ruby, John P. Skribiski.

Exhibit Awards: Thomas W. Ward, Chairman, Bert D. Allumbaugh, Asher H. Leatherman, Robert G. McArthur.

The President called for the report of the Credentials Committee.

REPORT OF THE CREDENTIALS COMMITTEE

The Committee has inspected the official register and finds that there is more than the minimum number of members registered to constitute a quorum. The Committee therefore declares that this assembly is empowered to transact such business as may come before the convention.

LEONEL C. PANOSH, *Chairman*

It was moved and carried that the report be accepted.

The President presented the report of the Auditor and it was moved and carried that it be referred to the Auditing Committee.

REPORT OF THE AUDITOR

July 9, 1958

ARTHUR ANDERSEN & CO.

ACCOUNTANTS AND AUDITORS

21 West 10th Street, Kansas City 5, Mo.

To the Executive Board, American Numismatic Association:

We have examined the statement of cash, investments and deposits of American Numismatic Association (a District of Columbia nonprofit corporation) as of June 30, 1958, and the related summary of cash receipts and disbursements for the year then ended. The scope of our examination, which is outlined in succeeding paragraphs, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Cash in banks at June 30, 1958, as shown by the Association's records was reconciled with balances confirmed directly to us by the depositaries. Similar reconciliations were made for cash balances controlled by the convention and display case committees, but not recorded on the Association's books. Petty cash funds not on deposit in banks were confirmed directly to us by the respective custodians.

United States Government Bonds were physically examined by our representative. Transactions for purchases and sales of securities were analyzed for the year and were traced to related entries on the bank statements.

Deposits of funds with the United States Post Office Department and with Trans World Airlines, Inc., were confirmed directly to us.

Cash receipts and disbursements as recorded on the Association's records for the year ended June 30, 1958, were reconciled with deposits and withdrawals as reported on the related bank statements. Similar tests were performed with respect to the funds under the custody of the Convention Committee and the Display Case Committee, but not recorded on the Association's records.

Receipts for membership dues were tested in total by comparing recorded receipts for the year to an estimate of such receipts computed by reference to the membership roster. Advertising receipts were tested by comparing recorded receipts with amounts computed by reference to advertisements appearing in *The Numismatist* and with published advertising rates. The accuracy of recorded receipts for membership dues and advertising was further tested by confirming by direct correspondence with selected members and advertisers, amounts shown as unpaid at June 30 by memorandum records of the Association.

Subscription receipts were tested by tracing individual receipts to subscription expiration cards. Bond interest was verified in connection with our analysis of investment transactions. Net proceeds from the 1957 convention were traced to the report submitted by the Convention Committee and accepted by the Executive Board. However, as instructed, we made no examination of the Committee's records in support of this amount. Receipts for single copy and reprint sales of *The Numismatist* and for sales of medals, buttons, etc., were not subject to audit verification since no control is exercised over these receipts prior to their deposit in the bank. The amounts of these latter receipts are not significant in relation to the total receipts of the Association.

Cancelled checks returned by the bank during the year were compared with related cash disbursement entries as to date, check number, payee and amount; signatures, endorsements and bank cancellation dates were examined; serial numbers of all checks issued during the year were accounted for. Vendors' invoices and other data supporting cash disbursements were examined and the distribution of these charges to the accounts was reviewed.

We reviewed minutes of the Executive Board for the year.

In our opinion, the accompanying statements present fairly the cash, investments and deposits of American Numismatic Association as of June 30, 1958, and its cash receipts and disbursements for the year then ended.

Very truly yours,

ARTHUR ANDERSEN & Co.

Trans World Airlines, Inc.	425.00	875.00
Total cash, investments and deposits		<u>\$72,347.91</u>

Notes:

1. The records of the Association are maintained on the cash receipts and disbursements basis of accounting. Amounts receivable for membership dues and advertising, and liabilities for unpaid items are not reflected in the accounts. Similarly, expenditures for equipment and additions to the Association's coin collections and library are not recorded as assets.
2. In addition to the cash balances shown above, the following funds were under the custody and control of Association committees as of June 30, 1958:

Convention Committee	\$2,680.52
Display Case Committee	5,345.67
	<u>\$8,026.19</u>

These funds represent the excess of cash receipts over cash disbursements to June 30, 1958, with respect to the 1958 convention and with respect to the manufacture and sale of coin display cases. Under the Association's accounting practices, any balances remaining in these accounts upon completion of the respective committees' activities will be deposited in the Association Treasurer's accounts and recorded in the books of the Association at that time.

REPORT OF THE EDITOR

The Numismatist continues to bring its readers "all the numismatic news fit to print" and in many instances brings it first. This is particularly true of Congressional bills and resolutions proposing commemorative coins and other matters affecting the nation's coins and paper currency. Under the heading of "What Others Publish" we also try to bring to the attention of our readers new books, pamphlets, catalogs and magazine articles of numismatic interest. When time permits, full length book reviews by contributors or the Editor are printed.

Continuing features are the "New or Recent Issues" by Ernst Kraus, the "Token Collector's Page" and "Calendar Medals and Store Cards" by Melvin and George Fuld, "Strange Money of the World" by Col. Phares O. Sigler and the "Cent Collectors' Forum" by Walter Breen. A series completed during the year was "Two Cent Pieces of the United States" by S. W. Freeman. A nostalgic piece by Jack Ogilvie, entitled the "First Thousand" was well received.

Note was taken of the bicentennial of the birth of Lafayette with a special number of *The Numismatist* (September, 1957) dedicated to his memory and highlighting his numismatic associations. "Medallic Memorials to Lafayette" by Melvin and George Fuld and "Lafayette Portrayed on Paper Money" by Glenn B. Smedley made up the issue. To date, this is the definitive numismatic publication on General Lafayette. It drew favorable attention not only in the United States but also overseas. Among the congratulatory letters received were those from the French Ambassador to the United States and from the husband of Gen. Lafayette's granddaughter.

Another important article of fiscal 1958 was "Notes on Common Byzantine Bronze Coins" by Dr. John F. Lhotka, Jr. This article was intended to introduce novices to the pleasures to be derived from neglected and off-beat coin series, and from all reports it has been doing just that.

The Editor resumed copyrighting each issue of *The Numismatist* with the December, 1956 number and is continuing to do so. This had not been done for some years except for certain special issues. This action is not only beneficial to the A.N.A. but also to our contributors who are now protected from plagiarism, etc.

During the Philadelphia convention the Editor met with the A.N.A. Executive Board which unanimously approved a change in the manner of presenting organization matters. Briefly, this entailed a change from the "report" style to the "news" style method of handling club happenings. Although this change, started with the January, 1958 issue, has brought extra work to the Editor, it is the best way for handling club items and has been so acclaimed by numerous A.N.A. members. The most immediate benefit has been the extra pages now available for editorial material which could otherwise have been found only by increasing our size to 144 pages each month, with consequent increase in printing and mailing costs.

We are still in need of good numismatic papers and again ask that worthwhile papers read before our corporate clubs be brought to the attention of the Editor for possible publication. We would like particularly articles pertaining to American coins, paper money and medals.

The supply of unpublished articles on hand is good, but not as great as a year ago. This is due, not to a falling off of contributions but to the more rapid turnover of papers because of the added pages available. Within the next few months the centennial of the birth of Theodore Roosevelt will be noted in special numismatic articles pertaining to him. Also scheduled is an authoritative and readable article on medieval bracteates, one on the making of good pencil rubbings, a deftly handled story of a theft at the Philadelphia Mint years ago, a satirical story on coin collecting, a paper on marriage medals, a long series on South and Central American portraits on coins, several studies on Chinese coins and paper currency, continuation of the series on our national medalists, and many others.

Statistically, we are still publishing 128 pages monthly, with slightly over half of them being filled with our healthy advertising section under the leadership of Burton H. Saxton. As you may note in the financial report, our advertising cracked the \$40,000 "barrier," for a total of over \$43,000 collected for advertising in the fiscal year just ended. Our congratulations to the Advertising Manager for a splendid year, and our thanks for his close and friendly coöperation at all times.

For about 1000 museum, library and individual non-member subscribers, a substantial newsstand sale, and our members, we print nearly 17,000 copies each month. The Editor arranged for a display of *The Numismatist* at the national meetings of both the American Library Association and the Special Libraries Association with the result that more libraries are becoming acquainted with our publication. Whenever possible, the A.N.A. and its magazine should be publicized so that we can reach more and more of the new collectors with responsible leadership.

The Editor wishes to thank all A.N.A. officers, elected and appointed, our contributors and the staff of our printing firm, The McCormick-Armstrong Company, and particularly Messrs. Mayo and Howell of that firm, for their assistance so freely given throughout the year. The Editor also makes public acknowledgement of his appreciation and gratitude to his wife, Jean, for her understanding and helpfulness.

ELSTON G. BRADFELD, *Editor*

REPORT OF THE SECOND VICE PRESIDENT

The Second Vice President wishes to thank all of the A.N.A. Club Representatives who have cooperated so whole-heartedly and whose enthusiasm, contributions, and encouragement have made this office a pleasure to fill during the past year.

We have issued the A.N.A. Officer's Bulletin, Volume VII, Numbers 1, 2, 3 and 4, quarterly, and these have been mailed to all Club Representatives by the General Secretary.

Volume VII, Number 1 gave a resume of the Club Representatives' meeting at Philadelphia; Tips to Clubs; Statement of the various A.N.A. membership classifications and the list of Slide Sets available.

Number 2 contained New Year's Greetings from the President and General Secretary, a sample "New Year's Resolution" for a coin club, several reports and a copy of a model "Letter to New Members."

Number 3 was composed entirely of reports from A.N.A. Club Representatives telling of the activities, programs and new ideas of twenty-five clubs from all parts of the United States. I especially want to thank the A.N.A. Club Representatives who mailed in these reports.

Number 4 was in the form of a Handbook on "How to Organize a New Coin Club" with over 700 copies being printed to mail to all A.N.A. Representatives and to take care of the many requests for this information.

This program of A.N.A. Club Representatives was started in 1950 under the direction of Leonel C. Panosh, who was then the Second Vice President, and it was started wisely and on a solid foundation. His report on page 654 of the October, 1950 issue of *The Numismatist* is an historically interesting document, giving the objectives and duties of this program. It will be interesting reading for all Representatives and especially helpful to those appointed more recently.

Every local club is urged to affiliate with the A.N.A. and all affiliated clubs should have a Club Representative. The appointment is initiated by the Club President who sends the name and address of the member nominated to the Second Vice President. The appointment is made by the A.N.A. President on recommendation of the Second Vice President. Club Representatives receive the quarterly bulletins and participate in a general exchange of information so helpful to the well-being, success and growth of the local club.

I extend my thanks to Club Representatives who have submitted information, programs and new ideas, and to President Dodson and General Secretary Reagan for their advice and assistance.

MATT H. ROTHERT, *Second Vice President*

REPORT OF THE CURATOR

In the fiscal year 1957-1958 the Curator received 89 coins by gift and 37 by purchase, or a total of 126 coins for the A.N.A. Moritz Wormser Memorial Exhibit at the Smithsonian Institution, Washington, D. C. The Association's acquisition numbers for these pieces are 2120 to 2245 inclusive. The coins have been forwarded to Dr. V. Clain-Stefanelli, Numismatic Curator for the Smithsonian.

On behalf of the Association, I wish to acknowledge with sincere thanks the generous donations from the following:

Edmundo F. Vicente, Sao Paulo, Brazil
Col. Rafael Ordonez, Santiago, Chile
Harold Don Allen, Montreal, Canada
Maj. Sheldon Carroll, London, Ont., Canada
Lauren Benson, Davenport, Iowa
Vincent F. Torhan, Springfield, N. J.
Ernst Kraus, Philadelphia, Penna.
Robert Friedberg, New York, N. Y.
The Chase Manhattan Bank, New York, N. Y.
Mrs. Dwight P. Spencer, Bartonsville, Vt.
Oklahoma City (Okla.) Coin Club

Colonel Rafael Ordonez presented to the A.N.A. a complete date series of all coin denominations minted in Chile from 1933-1957. As the A.N.A. collection is a type set, I selected the first and last dates of issue.

The collection of books, coins and medals which belonged to the late husband of Mrs. Dwight P. Spencer are valuable additions to the A.N.A. collection and library. The books were forwarded to the Librarian. I retained 32 coins, and the rest which were duplicates and United States pieces will be sold for the benefit of the Association. The medal collection consisted of 228 pieces and seven bronze plaques. This collection has been seen by Messrs. Dodson, Sheldon and Judd and since the Association does not have facilities for exhibiting or storing this material, it is my opinion that we should sell or give away all but the 54 medals issued by the Society of Medalists. I plan to have these particular medals mounted so that the Association can

display them at conventions, or other places, and think that we should add the new medals as they are issued by the Society. This exhibit, I believe, should be in the custody of the General Secretary, or someone to be appointed by the President. Perhaps the Association should have a curator of medals.

If approved by the Executive Board, I shall offer the remainder of the medals to the American Numismatic Society as a gift. Any pieces which the Society does not wish to retain can then be sold. Mrs. Spencer, in presenting this material, gave us the right to dispose of any items we could not use. She also donated \$500 to be used in preparing the coins and medals for display purposes.

For the year 1957-58 I spent \$52.68 for new coins. Financial statement is attached.

REPORT OF THE EDWARD T. NEWELL VISUAL EDUCATION COMMITTEE FOR 1957-58

Most of the data used in preparing this report was provided by Past-Chairman Glenn B. Smedley, who continued to guide the Committee until your present Chairman was appointed after the middle of this fiscal year, and by Michael M. Dolnick, Custodian of Slides. Your Chairman would like to take this opportunity to thank these two members for their aid and coöperation in the transition period of this Committee Chairmanship.

The Committee is pleased to report that there were 306 slide-set showings during the past year, indicating the continuing interest of the clubs in this highly effective form of visual education. This number compares with 243 set-showings for last year (undoubtedly low because of the strike of Railway Express employees in the spring and early summer of 1957) and 307 and 303 set-showings for the two preceding years. The Committee feels that one of the reasons we did not set a new record for the use of the sets during the past year is that many clubs have used all the old sets and want something new. A number of subjects have been reviewed and it is hoped that several new sets of slides will be completed during the coming year.

Reported last year as being in the making, and now completed and available for showing, is a new slide set #20, entitled *Medieval Coinages of Western Europe*. This set is the work of Committee Member Dr. John F. Lhotka, Jr., of the University of Oklahoma Medical Center, to whom special thanks are due for this series. Dr. Lhotka has also contributed greatly to the work of this Committee during the past several years in preparing several other slide sets.

Of interest to the members of the Association are the following statistics indicating the number of set-showings in the four leading States during the past year:

California	42	Pennsylvania	28
Illinois	35	Texas	22

The set of slides prepared for, and on permanent loan to the Bank of America in California is still being used in talks entitled "Historical Background of American Coinage." This program, given before school and civic groups, is sponsored by the Bank of America and conducted by Mr. Cyrus H. Phillips, A.N.A. member No. 10100. In the past this set has been shown in many schools and before numerous service clubs in Southern California. The report for the past year has not been received yet, but undoubtedly, it is still being shown widely as before.

Although not appointed to this important A.N.A. Committee until after the middle of this fiscal year, your Chairman nevertheless looks forward to contributing to its valuable educational work and has been busy developing material for the new slide sets previously mentioned.

The financial report of the Committee is attached.

Respectfully submitted,
DR. JOHN F. LHOTKA, JR.

Property Inventory

In previous reports, tabulations of property, in units and value, in the custody of the Committee as of the time of the previous annual report and at the current year end, have been presented. The last inventory was included in the 1954-55 annual report. These tabulations were omitted from the two succeeding reports because there was relatively little change. This property inventory is again omitted for the same reason and the fact that the property listed in the 1954-55 report and all property acquired since that time is still in the possession of Glenn B. Smedley and Michael M. Dolnick. Until all the necessary equipment is relocated with the new Chairman, a new inventory will not be attempted. However, it is planned to include a full tabulation of Visual Education Committee property, in units and value, in the custody of the committee in the annual report for 1958-59.

Respectfully submitted,
JOHN JAY PITTMAN, *Chairman*

The President called for the report of the Auditing Committee.

REPORT OF THE AUDITING COMMITTEE

The Auditing Committee has examined the report of the Auditor and such other records of the Association as were considered necessary and is of the opinion that it represents the correct and complete financial condition of the Association.

The Committee recommends the acceptance of that report.
W. A. PHILPOTT, JR., *Chairman*

It was moved and carried that the report be accepted with thanks.

The President called for the report of the Exhibit Case Committee. It was presented by Past-President M. Vernon Sheldon, Chairman.

REPORT OF THE EXHIBIT CASE COMMITTEE

To the President,
Officers Elected and Appointed,
And Members in Convention:

This Committee came into being in February, 1958, by appointment and instructions from the Executive Board to duplicate the procedure of the same Committee that functioned in 1956; that is, to advertise, receive subscription orders, collect, manufacture, and distribute two size metal exhibit cases. The sizes to be standard 18"x30", with two depths, standard 1 1/4" and the deep 2 3/4".

Total number of orders received.....	144
Total number of cases sold.....	522
Classification: Standard Cases	504
Deep Cases	18
Shipper-Storage Cases Sold	37
A.N.A. Orders:	
A.N.A. Standard Cases of these orders.....	192
A.N.A. Deep Cases of these orders	8
Storage Shipper Cases	34
A.N.A. Financial Portion:	
For 200 Display Cases.....	\$2,540.00
34 Storage Shipper Cases.....	743.00
Total Collections	\$8,935.60
Manufacturing Costs:	
522 Steel Cases (Two Depths).....	\$5,581.00
37 Storage Shippers	1,387.50
Income from sales applied to	
A.N.A. storage shippers	644.50
Administration costs, inspection, packaging,	
and shipping charges	1,322.60
	<u>\$8,935.60</u>

All of the storage shippers and exhibit cases have been manufactured, lacking only the inspection of the two hundred A.N.A. cases and assembly into the shippers and placing in the designated Storage Company.

To members and clubs have been shipped all of the cases ordered, however, there remains several complaints of damage, resulting in transit via the Railway Express Company. These, I am sure, will be resolved and the damage claims paid by the carrier. Deliveries for the most part were per schedule with the grouping of keys in accordance to purchaser's selection.

With the A.N.A. acquisition of Two Hundred (200) additional cases, added to the Two Hundred Ten (210) previously purchased, brings to a total of Four Hundred Ten (410) steel display cases housed in 69 storage shippers, now the property of the Association for its convention use. Through the Executive Board's consent to this Committee to handle its own banking, greatly facilitated our work and removed from the Chairman the responsibility of the financial management. The Association owes a special gratitude to Mr. I. T. Kopicki who handled this part of the Committee's work.

Again this Committee is privileged to report to the membership body, and its officers, a successful conclusion to a relatively large business undertaking and to the members who supported and wanted this activity. Altogether, we can take pride that the members and clubs of the Association again have had another opportunity to acquire the best now available steel exhibit cases for displaying numismatic material.

This Committee, with pleasure, tenders this report as a success and conclusion of the Second Exhibit Case Committee project.

Respectfully submitted,

M. H. JACKSON

I. T. KOPICKI

M. VERNON SHELDON, *Chairman*

It was moved and carried that the report be accepted with thanks.

Communications and greetings were read by the General Secretary from Past-President V. Leon Belt, Past-President Loyd B. Gettys, Past-President

FARRAN ZERBE AWARD

This award is made annually by the Executive Board to a member of the Association in recognition of distinguished service and is regarded as the highest honor that the Association can award.

Burton H. Saxton

Farran Zerbe

The Farran Zerbe award was established in 1951, at the suggestion of Louis S. Werner, as a memorial to the late Farran Zerbe, a Past-President and devoted member of the Association for many years. The award is intended to stimulate and encourage interest in the welfare of the Association and to give public recognition to outstanding service.

The award for 1957 was made to Burton H. Saxton, Advertising Manager of *The Numismatist* and a member of the Association for more than 50 years. A Past Vice-President and former Editor of *The Numismatist*, Burton H. Saxton has served the Association faithfully and well. The award had to be made "in absentia" for at the time it was made, Mr. Saxton was confined in the Cedars of Lebanon Hospital due to a heart attack only a few hours earlier. (Mr. Saxton died September 14; see "Obituaries.")

Previous awards have been made in 1951 to Past-President M. Vernon Sheldon; in 1952 to Mrs. June Pond, then a Member of the Board of Governors; in 1953 to Past-President Joseph Moss; in 1954 to General Secretary Lewis M. Reagan; in 1955 to Past-President J. Hewitt Judd; in 1956 to Richard S. Yeoman, former Member of the Board of Governors.

It was moved and carried that Resolution 6 be adopted.

RESOLUTION 7

BE IT RESOLVED that the American Numismatic Association foster and support the enactment of appropriate legislation prohibiting the unauthorized altering or removal of the design or characters, or any part thereof, of any domestic coin, or the altering of the shape of any such coin or addition of characters to any part thereof, including the uttering or offering for sale of any coin so altered or changed.

HARRY M. LESSIN, *Chairman*
GEORGE BENNETT
CLYDE L. GRIMM
JACK R. KOCH
JOHN JAY PITTMAN
CHARLES L. RUBY
JOHN P. SKRIBISKI

It was moved and carried that Resolution 7 be adopted.

It was moved and carried that a vote of thanks be extended to the Resolutions Committee.

GOOD FELLOWSHIP AWARD

A special award, by the Executive Board, for extraordinary service to the Association on a particular assignment. A public recognition for outstanding success in a difficult job.

This award, made at the banquet, to Earl Glen Whitehead, General Chairman of the Convention.

The President invited the presentation of any unfinished business or any new business, but none was offered.

The President then offered the floor to any representatives of clubs wishing to present invitations for future conventions. The following responded:

William N. Worth, General Chairman of the 1959 convention in Portland, announced that plans are well under way for an outstanding convention next year and invited all members and their guests to attend.

The General Secretary read a letter from James F. Clapp, Jr., General Chairman of the 1960 convention to be held in Boston. There was an assurance that the Boston Numismatic Society and the various convention committees are hard at work in planning the activities of that convention.

Vincent G. Greene, President of the Canadian Numismatic Association, presented an invitation for the 1962 convention for Toronto. Additional remarks on this invitation were made by John Jay Pittman.

Dr. Philip W. Whiteley of Denver, Colo., presented an invitation from the Denver Coin Club for the 1963 convention for Denver.

John E. Ohls, of San Francisco, Calif., presented an invitation from the Pacific Coast Numismatic Society and other clubs in that area for the 1965 convention for San Francisco.

These invitations were received with thanks and referred to the Executive Board for consideration.

After some remarks by the President and some announcements, the meeting was declared adjourned.

NOTES FROM THE LIBRARIAN

By

JOHN J. GABARRON

Well, another American Numismatic Association annual convention is over. My family and I enjoyed this one very much.

I am sorry that many of you had to wait and are still waiting for books that you ordered. I have written to all members who have overdue books and they should send them in soon.

I wish to thank the following for donations of books: J. F. Burns, Col. N. P. Ruditsky, Dr. R. M. Berg and the American Vecturist Association.

New additions:

A-101 Atwood, Roland C. *Atwood's Catalogue of United States and Canadian Transportation Tokens*, 1958.

A-102 American Numismatic Society. *Centennial Publication*, 1958.

B-131 Burns, J. F. *A Bibliography of Cuban Numismatics*, 1958.

Dr. R. M. Berg donated, on microfilm, an eight volume set of Cohen on Roman Imperial Coins. This will be sent to the Custodian of Slides.

COINS WE SHOULD KNOW

By

P. K. ANDERSON, LM 210

Continued from July

ARDITE: A small copper coin of Barcelona first struck by Philip III (1598-1621) of Spain. It derives its name from the letters A and R which are placed on each side of the bust. These letters stand for "Aragoniae Rex."

Ardite of Philip IV of Spain for Barcelona, 1640

ARGENTEUS: The name by which the DENARIUS was known after its revival by Diocletian. They were of silver, one pound of which produced 96 of them.

Argenteus of Diocletian (284-305)

ASPER: A silver coin struck under the Comnenians at Trebizond from Manuel I (1238-1263) to Alexis IV (1417-1447). The name ASPER is also given to a silver coin issued by the Knights of St. John of Jerusalem on the Island of Rhodes during the fourteenth century. A Turkish billon coin valued at one-third of a PARA was also known as an ASPER.

Asper of Alexis II of Trebizond (1297-1330)

AUREUS: This most famous of the Roman gold coins was first struck in the waning years of the Republic by Sulla in 87 B.C. During the reign of Augustus the AUREUS was struck in the weight of 42 to the Roman pound but it gradually diminished in weight until in the time of Gallienus it had reached 70 to the pound.

Aureus of Hadrian (117-138)

BAIOCCO: A coin formerly used in the Papal States which was first struck in base silver but was finally reduced to pure copper. Its name is derived from its color as the Italian word for brown is *bajo*. The BAI- OCCO was the hundredth part of the SCUDO and was divided into five QUATTRINI.

One baiocco 1849 of the Papal States, Pius IX (1846-1878)

Obituaries

FREDERICK C. C. BOYD, LM 5

Frederick C. C. Boyd, 71, 377 S. Harrison St., East Orange, N. J., died September 7 following surgery in the Orange Memorial Hospital. Born in New York, he quit school at 13 and went to work as a printer's devil in St. Louis. A traveling salesman at 17, an executive in a dry goods firm at 23, he became a department manager for Union News Co., a subsidiary of the American News Co., when he was 32. A vice president of Union News when he retired in 1946, he was a director in both the Union News Co. and the American News Co. at his death. Boyd served as a board member of the National Recovery Administration in the '30s and in the Office of Price Administration during World War II.

One of America's prominent numismatists, Boyd was Life Member No. 5 of the American Numismatic Association and a fellow and benefactor of the American Numismatic Society. He was president of the New York Numismatic Club 1916-1917 and secretary-treasurer of the club 1919-1920 and 1929-1946. In 1937 and 1938 he was an appraiser of the Col. Green collection. At one time he owned an outstanding collection of United States coins, territorial and pioneer gold coins, tokens, medals and paper money. He also collected British, Latin American and Russian gold pieces. Several years ago most of his collection was sold at auction, although most of his pattern coins were disposed of through private sales. Many of the latter found their way into the King Farouk collection.

Surviving are his widow Helen, a son Cogswell C., a brother and three grandchildren. Rites were conducted at the Colonial Funeral Home. — E.G.B.

HOWARD E. MACINTOSH, LM 130

Word has been received of the death of Howard E. MacIntosh, 85 Oakland St., Springfield 8, Mass., on September 5. He was well known in numismatic circles and had served as president of the Springfield Coin Club and the New England Numismatic Association. MacIntosh was Life Member No. 130 of the American Numismatic Association and was owner of the Tatham Stamp and Coin Co. MacIntosh, 47, took his own life by firing a 32-caliber bullet through his head in the basement of his home at 150 Rogers Ave., according to County Medical Examiner W. A. R. Chapin. The body was discovered by Mrs. MacIntosh. Recently he had worked about two hours daily following illness and an operation. He conducted a real estate business and his coin company from the Oakland street address. — E.G.B.

RICHARD L. SUMMERILL, A.N.A. NO. 9951

After an illness of three days, Richard L. Summerill, 19 W. Maple Ave., Penns Grove, N. J., died recently at the Salem County Memorial Hospital. Services were held at the Ashcraft Funeral Home with interment in Emmanuel Cemetery.

Holder of a master's degree in chemistry from the University of Maryland, he was formerly employed as a chemist by DuPont; was assistant cashier of the Peoples Bank and also ran a grocery store. In 1944 he joined the A.N.A. and was assigned membership No. 9951. He was a member of Phi Delta fraternity and the Dalmatian Club of America and was noted as a judge and breeder of Dalmatians.

Surviving are a sister, Miss Elizabeth Summerill of Penns Grove, and an aunt, Miss Emma R. Summerill. — E.G.B.

BURTON H. SAXTON, LM 204

The numismatic world has been shocked to learn of the death of Burton H. Saxton, LM 204, P. O. Box 548, Cedar Rapids, Iowa, former Editor and since 1943 Advertising Manager of *The Numismatist*. Death was caused by coronary thrombosis which followed a similar attack a month earlier at the Los Angeles convention of the American Numismatic Association. Because he had progressed so well, he was released from Cedars of Lebanon Hospital Saturday morning, September 13, and went to the home of Karl Brainard for a few days' visit. Death occurred there the next day.

Although hospitalized, Mr. Saxton quietly celebrated his eighty-second birthday September 5. A.N.A. members living in the Los Angeles area called on him from time to time. Officers of the A.N.A. kept in close touch and at his death President O. H. Dodson asked A.N.A. Governor Don Sherer to fly to Los Angeles and make final arrangements to return the body to Cedar Rapids and burial beside his wife who preceded him in death. No close relatives survive.

For many years Mr. Saxton was in the insurance business. A Past Grand Master of the Iowa Grand Lodge, A.F.&A.M., he served as Librarian of the Iowa State Masonic Library in Cedar Rapids until his retirement about 10 years ago. He continued an active participation in Masonic affairs to the end of his life.

The numismatic activities of Mr. Saxton were long and varied. Back in 1907 he joined the A.N.A. and was assigned Membership No. 951. He received his 50-year gold medal at the Philadelphia A.N.A. convention in 1957. At various times, the Association has honored him with a life membership, the silver medal of merit and the Farran Zerbe award. Last spring the Central States Numismatic Society conferred its medal of merit on him. These were tokens of the esteem in which Mr. Saxton was held for his countless services to numismatics.

He was a member of numerous numismatic organizations — the American Numismatic Association, American Numismatic Society, Central States Numismatic Society, Iowa Numismatic Association (of which he was president for two years), Cedar Rapids Coin Club, Chicago Coin Club and many others. In 1908 he was second vice president of the A.N.A.; in 1909, its first vice president; the following year he declined the presidency. He was also a student of numismatics and wrote many numismatic articles.

Mr. Saxton was Editor and Advertising Manager of *The Numismatist* in 1943 and 1944, but voluntarily relinquished the former in 1945. He continued, however, as Advertising Manager until his death, and each year turned in an increasing amount of advertising. He was especially pleased to have "broken the \$40,000 barrier," as he put it, when he sold a gross of over \$43,000 worth of advertising in the fiscal year ending June 30, 1958.

Mr. Saxton was a gentleman, quiet of bearing and demeanor, scholarly in his thinking, earnest in every endeavor. His award winning exhibits of medallion art, English crowns, etc. — all reflected the quality and conservatism of the man. His numismatic learning was always at the disposal of his fellows. His counsel and wisdom, his cooperative spirit and warm personality, will be missed by all. — E.G.B.

FELIX BARANOVICH, A.N.A. NO. 3352

Felix Baranovich, A.N.A. No. 3352, Vancouver, Wash., prominent in the Pacific Northwest for many years as a coin collector and part time dealer, died of a heart attack August 23. Bearers at the funeral were four

members of the Oregon Numismatic Society, James J. Padden, Bert Allumbaugh, Dudley L. McClure and Wade B. Patterson, and two other personal friends, Carol Johnson and Henry Stapelton. Burial was in Park Hill cemetery in Vancouver.

Mr. Baranovich, born Nov. 25, 1900, in Pe Ell, Wash., became interested in coins as a boy when struck by the beauty of the first Buffalo five cent pieces in 1913. His numismatic interests broadened through the years. Until his retirement from the grocery business in 1945, his Vancouver store was unofficial headquarters for numismatists of the Vancouver-Portland area. His last coin purchase was a Roman silver coin for his wife, who had admired its beauty.

He was a past president of the Pacific Northwest Numismatic Association, and at widely separated years twice served as president of the Oregon Numismatic Society. He had planned to take an active part in committee work next year when the O.N.S. will be host to the American Numismatic Association convention in Portland.

The survivors, besides his wife, Helen, are a son, Richard, Seattle; daughter, Mary, Vancouver; brother, Leo Baranovich, Tacoma, and three sisters, Mrs. Stanley Sharek, Mrs. Albert Urych and Mrs. Elliott Gamage, all of Raymond, Wash. — D. L. M.

LAWRENCE W. BOOTH, A.N.A. NO. 3148

Lawrence W. Booth, 66, a member of the American Numismatic Association for 34 years, died April 23 at his home in 2458 Pleasant Valley Rd., Niles, Ohio. Mr. Booth, a jovial and personable gentleman, owned and operated a resort on his farm in Vienna township near Niles prior to his death. Before moving to Niles he had operated a meat business in Cleveland. A former member of the Western Reserve Numismatic Club of Cleveland, he specialized in United States coins. A 25-year medal was presented to him in 1949 for continuous membership in the Association. His ancestors were pioneers in the settlement of Vienna township. — D.W.B.

W. D. CARROLL, A.N.A. NO. 9148

We have just learned of the death of "Captain" W. D. Carroll, A.N.A. No. 9148, 345 Wadesboro Ave., Monroe, N. C. He was also a member of the Charlotte Coin Club and the Atlanta Coin Club. Survivors include a brother and sisters.

JOHN J. DRATT, A.N.A. NO. 11260

John J. Dratt, 57, of Highland Springs, Va., died suddenly while attending a board meeting of the Virginia Food Dealers Association in Mountain Lake, Va., recently. He was a long time member of the Richmond Coin Club and was Convention Chairman of the 1956 M.A.N.A. convention when it met in Richmond.

Although born in New York state, Mr. Dratt grew up and spent most of his life in Virginia. He was a civic leader, serving his county, his church, and his business associations in many offices of great responsibility. It was characteristic of him that when asked to lend his talents to the coin club he graciously accepted, in spite of his many other obligations, and worked long hours to make its undertaking successful.

Only rarely could he be persuaded to display some of his coins and currency, but when he did it was worth seeing. His particular favorite was the \$2 bill, but only a few friends knew that his collection of this denomination was virtually complete.

Mr. Dratt is survived by his widow, one sister, and a host of friends. — J.A.J.

Notes & Queries

Pittman Heads Visual Educational Committee

President O. H. Dodson announces the appointment of John J. Pittman, 4 Acton St., Rochester 15, N. Y. as chairman of the Edward Newell Visual Education Committee. A.N.A. members who may have suggestions concerning the slide program are earnestly requested to write to the Chairman.

First Ibero-American Numismatic Exposition

The first Ibero-American Numismatic Exposition will be held in Barcelona, Spain from November 24th to December 9th. Numerous private collectors and museums from Spain, Portugal, the Western Hemisphere and the Philippine Islands will participate. It will be divided into three parts. The first will be devoted to coins, medals, dies and sketches. The second will deal with the production of coins and medals with special emphasis on the work of the artists and engravers. There will be a special exhibit on production methods in official and private mints. The third part will show numismatic literature and bibliography.

Any collector may contribute to this exposition. Those interested in participating may write for particulars to Henry Grunthal, care of the American Numismatic Society, Broadway and 155th St., New York 32, N. Y.

Vecturist Association Convention

The eighth annual convention of the American Vecturist Association (transportation token collectors) was held at the Sherwyn Hotel in Pittsburgh on the weekend of August 2 and 3. Attendance was the largest of any previous convention, 24 members and over 15 visitors. Besides the usual business session, the publication of the new *Catalog of Transportation Tokens* was the big topic of discussion. This is AVA's first hard-bound book, with pictures, devoted to United States and Canadian tokens. It is available to nonmembers for \$7.50 (postpaid) and members for \$5.50 (postpaid). Officers for the coming year are William E. Eisenberg, president; Julius Kurtz, vice president; Morton H. Dawson, secretary; R. K. Frisbee, treasurer

and B. H. Baake, curator. Secretary is Morton H. Dawson, 182 Whiting Lane, West Hartford 7, Conn.

Oklahoma City Coin Club Strikes Medal

To celebrate its twentieth anniversary, the Oklahoma City Coin Club recently struck a medal for distribu-

tion to its members only. The obverse shows the Thunderbird and the reverse OKLAHOMA CITY COIN CLUB around and in three lines in center INCORPORATED / AUGUST 5 / 1938, below 1958.

Canadian Half Dollar Will Have a New Reverse

It is reported by Allan Klenman, president of the Victoria Numismatic Society and a director of the Canadian Numismatic Association, that the newly designed Canadian coat of arms will replace the existing coat of arms shown on the reverse of the Canadian half dollar. The new design will be placed on the 1959 coins and is the first change in the reverse of the half dollar since 1937. Canadian Finance Minister Donald Fleming stated in a

letter to Mr. Klenman that the new dies are just about completed.

Hoosier Convention

The Indiana Numismatic Association will meet in the Claypool Hotel, Indianapolis, from May 1 to 3, 1959. The convention will have Abraham Lincoln as its theme, and may be held in conjunction with the Indiana Lincoln Foundation's celebration of the sesquicentennial of Lincoln's birth, according to the INA President Leo Terry.

Michigan State Convention

The Michigan State Numismatic Society convention, Detroit-Leland Hotel, November 21-23, Detroit, will again offer outstanding awards for exhibitors. The classifications for the exhibits are (1) U. S. Coins, (2) Paper Money, (3) Ancient Coins prior to 1500 A.D., (4) Foreign Coins after 1500 A.D., (5) Mint Errors, Miscellaneous, Odd and Curious, and (6) Best Junior Exhibit under 18 years of age. An application to exhibit must be made to the Exhibits Chairman, Ben Smith at 24260, Geneva, Oak Park 37, Mich. The rules are set forth in the application blank. A trophy will be awarded in each classification and for the best in show; second place, third place and honorable mention will receive ribbons where the number of entries so warrant.

As reservations for bourse space are running far ahead of last year, it is suggested that those desirous of space contact Bourse Chairman, Ben Stocker at 19953 Prest, Detroit 35, Mich. at once.

A nice program for the ladies is in the making, and needless to say the Detroit Coin Club will make the visit enjoyable for the fair sex. A surprise awaits all ladies registering. There will be no solicitation of the dealers for prizes, but several door prizes will be awarded during the convention.

Michael Kolman, Jr., of the Federal Coin Exchange has assured the committee that an attractive, well diversified auction will be staged. Catalog requests should be forwarded directly to him at 5940 Pearl Rd., Cleveland 30, Ohio.

Other details may be had from General Chairman, Paul F. Schilling, at 17304 Lahser Rd., Detroit 19, Mich.

People You Know

Dr. Albert Applebaum, A.N.A. No. 4324, judged the coin exhibits at the

hobby show of the Illinois State Fair in August.

A.N.A. Vice President Glenn B. Smedley recently visited the Philamatic Center at Boys Town, Neb. for the fifth time. He has on display there an educational exhibit of coins which attracts considerable attention.

P. M. Nisbet, Navasota, Texas, and his coin collection were featured in the May 15 issue of the *Houston Chronicle*. Under the title of "He Even Takes Wooden Nickels" by Mike Thorne, Nisbet is pictured with some of his collection. (Thanks to C. A. Jones for the press clipping.)

Leo A. Young, Oakland, Calif., coin dealer, certainly keeps himself occupied with auctions. For the twelfth consecutive time he has the California State Numismatic Association's semi-annual convention auction in his pocket. He has already scheduled the auction of the Numismatic Association of Southern California convention to be held in the Los Angeles Statler February 13 to 15, 1959 and also the A.N.A. convention sale August 26 to 29, 1959, in the Multnomah Hotel, Portland, Ore. Mr. and Mrs. Young just returned from Europe — and guess what? Yes, the possibilities of Young handling an auction there were explored, but no decision reached.

Miss Margaret McAuley, Secretary of the Atlanta Coin Club, appeared on Dean Dicken's "Partyline" on Atlanta's WAGA-TV — "and thereby hangs a tale." Back in May Miss McAuley's discussion of coin collecting on the show drew such favorable response she was asked to make an appearance each month. And then the program was cancelled! Real handy with words and a typewriter, Miss McAuley's letter of protest on the dropping of the program was published in a local TV column. The women of Atlanta and environs rallied to the cause and Margaret found herself named president of the formed-on-the-spot Dean Dickens Fan Club. Word spread and the battle to restore the program was successful. So if you see a personable gal marching down the streets of Atlanta wearing coin earrings, an A.N.A. membership pin and waving a small Dean Dickens Fan Club banner, that's Margaret McAuley.

A.N.A. Auction Results

The well attended sessions of the A.N.A. convention auction, conducted by A. Kosoff, resulted in attractive prices with several new records being

set. The first session opened with an 1856 Flying Eagle cent (a tradition with Kosoff's public auctions) which sold at \$540.00.

Mingled with a superb U. S. type collection consigned out of Chicago, were U. S. patterns which went at high levels as a result of spirited bidding. Paper money, too, went very well. For the first time, due no doubt to the interest in the series, mint errors were offered in considerable numbers and went at attractive prices although some sold at bargain figures.

Some of the prices realized in the first session:

1795 Half dime, uncirculated	\$175.00
1860 Pattern half dime	335.00
1792 Half disme in copper	650.00
1796 Dime, uncirculated ..	330.00
1805 Dime, uncirculated ..	105.00
1859 Pattern dime	1125.00
1916 Pattern dime	575.00
1795 Half dollar, uncirculated	410.00
Commemorative gold set ..	735.00
3 Cents silver set	730.00
1860-D \$1.00 gold	420.00
1894 Proof \$20.00 gold	1150.00

The second session held on August 14 opened with the Burgett collection of fractional currency, one of the finest of its kind. A Los Angeles collector who had bid on the rare perforation 14 variety of Raymond 4a (Valentine 4b), when this note was sold some years ago finally succeeded with a bid of \$375.00. Many fractionals were purchased by the Newport Balboa Savings and Loan Association for its exhibit, part of which was on display in the convention exhibit room. The fractional currency collection will be prepared in a special edition completely illustrated. Stack's, Hollinbeck and A.N.A. Second Vice President Matt Rothert were very active bidders on this series.

Proofs seemed to live up to new catalog prices in some instances. A new record was set for the 1858 three cent silver, which fetched \$100.00 against an estimate of only \$50.00. Mike Kolman helped set high levels for the proofs in general and John Pittman got his share, too.

The 1858 silver dollar went for \$500.00 and proof sets did well with Abner Kreisberg, S. J. Kabealo and Max Justus getting a few. Harry ("Parkyakarkus") Einstein was bidding actively. Considerable interest was evident in late proof sets which seem to be coming back from a long slumber.

Other prices for the second session:

1805 Dime, uncirculated ..	\$170.00
1909-O Quarter, uncirculated	150.00
Collection of foreign crowns	510.00
Collection of proclamation pieces	875.00
Collection of marriage medals	3500.00
Texas Republic notes	150.00

The third and final session was delayed a bit by a most unusual situation. Kosoff, the cataloguer and auctioneer, explained that in his 29 years of professional numismatics, this was the first time anyone had withdrawn a lot from an auction within thirty minutes of the sale. Since the coin involved was the "1943 copper cent," many in the audience were disappointed. As this report is written the auction lots are still being billed and shipped; there has been no time to delve into the matter. The feeling is that the members of A.N.A. individually and as an organization sponsoring the convention are entitled to the details. "These will be written up probably in next month's issue," says Kosoff.

Patterns dominated the opening of the last public session with some high, some low and some average prices. About 9 p.m. however, a power-packed section produced thrill after thrill. A round Wass Molitor slug of 1855 in uncirculated condition sold for \$6400.00, a U. S. assay octagonal \$50.00 fetched \$725.00. Then in rapid fire order, a round Panama Pacific slug sold at \$2,000.00, its octagonal mate at \$1400.00, and rare 1879 quintuple stella in gold to Stack's at \$4750.00.

Excitement ran high as the 1794 silver dollar opened at \$6600.00, running rapidly to \$7750.00 at which price it was knocked down to James Kelly. The sale of a set of Liberty Seated proof dollars was followed by a set of Morgan proof dollars which fetched \$1600.00. A complete set of commemoratives was sold for \$2350.00 to a dealer and a type set went for \$775.00.

A set of Liberty seated half dollars in proof condition sold at \$1500.00 and the Barber proof halves realized \$1900.00. The 1796 quarter sold at \$1325.00 to a dealer, the Liberty seated proofs went at only \$875.00 and the Barbers at \$1,000.00. The choice New Orleans quarter set fetched \$1050.00. A lot of money changed hands in a short time. Later in the same session an 1856 cent fetched

\$750.00. A remarkable group of patterns, trials and experimental pieces brought the crowd to attention as specialists and experts competed for unique items. The public sessions concluded with a nice offering of quarter eagles and half eagles. A mail order section was also cataloged offering some 650 lots. The complete sale of some 2900 odd lots realized \$216,090.45.

Wooden "Nickels"

Wooden "nickels" in sets of three denominations and three issues, red, green and black, are available as part of the Buchanan, Mich., centennial celebration. All pieces bear the Bucktown seal. Selected sets of each issue, in special containers, are mailed at 50¢ per set postpaid. Order from W. E. Becker, General Chairman, Centennial Association, P. O. Box 18, Buchanan, Mich.

Future A.N.A. Conventions

Future A.N.A. conventions will be held in Portland, Ore., in 1959, in Boston, Mass. in 1960 and Atlanta, Ga. in 1961. At the Los Angeles meeting bids were offered to hold the 1962 convention in Toronto, Ont., the 1963 in Denver, Colo., and the 1965 in San Francisco, Calif.

Ghana's New Currency

The new Ghana currency is legal tender from July 14, the date on which the public was able to exchange the West African Currency Board notes and coin for the new money. Both currencies will continue in use for some months, and the Bank of Ghana has announced that three months' notice will be given before the Currency Board notes and coin cease to be legal tender. An extensive campaign to familiarize the public with the new currency and to explain the system of the change-over has been undertaken. It is understood that the Bank of Ghana made a preliminary order of £55 million of the new currency, of which £45 million was in notes and £10 million in coins. Algerian Banknotes

Algerian banknotes may be exchanged for French banknotes in all French banks. France is contemplating authorizing a similar exchange in Algeria.

Collector's Item

The stamp collector's a philatelist,
The coin collector's a numismatist;
Last, but not least, one who should head this list;
The bill collector: he's an optimist!

Stamp Notes Tenth Anniversary of German Currency Reform

Through the courtesy of S. A. Culverwell we have been advised of the special West German stamp issued to commemorate the tenth anniversary of the currency reform of June 20, 1948. The stamp is red and black and shows the reverse of the five deutsche mark coin.

Dear Sir:

Your magazine is a fine example of good journalism, excellent selection of material, and very comprehensive analysis of subject matter. It is the finest magazine on coin collecting that I have ever had the pleasure to read. Keep your standards as high and your articles as excellent as they are now and you will thereby render it impossible for any other magazine in numismatics to come even close to your high standard of excellence.

San Francisco Coin Burglary

Dr. John J. Firpo's home at 120 Santa Ana Ave., San Francisco 27, Calif., was burglarized about July 7 and nearly all his coin collection was taken. He had large quantities of U.S. gold coins, some of the identifiable pieces being 1855 TWENTY-D, U. S.

assay, San Francisco \$20.00, 1907 flat edge high relief \$20.00 gold piece. All of the 250 double eagles were encased in special aluminum holders, identified with individual markings. A number of foreign gold pieces, including six Italian 100 lire mat proof, two 20 soles of Peru, were taken along with several U. S. commemorative gold pieces. Two complete commemorative half dollar sets, 166 coins in each set, were housed in 14 identifiable card-board holders of eight coins each. Rolls of Stone Mountain, Iowa and Long Island halves were among the loot. If any reader can offer clues, please contact Dr. Firpo.

7. Two crossed croziers, crooks outward. In field: C ST A NT. Inner border plain, outer pearled. SM. Bishopric of Constance. Eberhard II, 1248-1274.

8. SM. Small wheel with six spokes. City of Erfurt. Fifteenth century.

9. SM. Curved arch separating field of coin below which rests the imperial crown (resembling to some extent a tent with a low peak). Above the arch a simple bust in the center to either side of which are conical towers. Imperial issue of Augsburg. Friedrich II, 1215-1250.

10. An imperial German crown (not spiked but with a rounded top) surmounted by a fleur-de-lys. Beaded border. Imperial issue of Meissen. Emperor Heinrich VI. Issued between 1195-1197.

11. Two crossed boat rudders, blades upward, with a rosette in each angle of the cross so formed. SM. Inner border plain, outer pearled. County of Veringen. Thirteenth century.

12. A boat rudder upright between two fleur-de-lys. Inner border plain, outer pearled. SM. County of Veringen. Thirteenth century.

13. Two crowns with pearled brims located one above the other separated by a band containing the legend CHRONA. Imperial mint of Ulm. Struck between 1250 and 1256.

14. Helmet with swanhead crest, fac, left between letters R and I. SM. Rheinau, Leopold IV (of Austria), 1386-1417.

15. Vizored helmet between letters N and O. SM. Neuchatel, Countess Isabella. Struck about 1378.
16. Crown surmounted by peacock feathers. SM. Zöfingen.
17. Letters AR in ligature (may be retrograde). SM. Double border. Norway, period 1160 to 1205. (An extensive series of similar coins exist bearing letter types, including A, B, C, H, M, V, believed to be the initial letter of a king's name or mint city. The coins are usually small and rather crude.)
18. Capital letter M between three (or two, four) pellets. (Usually SM.) Sweden, Magnus Ladulas or Magnus Smek, 1275-1290 or 1319-1365.
19. Sword upright between the letters E and R. Sweden, Eric X or XI, 1208-1216 or 1222-1250. (Usually SM.)
20. Crude crown, simple border. SM. Scandinavian area, often attributed to Magnus Ladulas or Magnus Smek of Sweden (see No. 18). There is a series of similar coins with the crown associated with trefoils, pellets, or letters. The border is often of a ray-like nature.
21. Helmet between two stag horns, above letter E, below L. SM. City of Ellrich.
22. Crowned helmet between the letters W and A. SM. City of Waldhut.
23. Gothic letter P. SM. Troppau. Przemyslav I, 1366-1433.
24. Large block letter M surmounted by a small cross. Legend + MARBVRG. Struck for Marburg by Heinrich I of Hesse (Landgrave), 1264-1308.
25. Milliron. Legend on rim - HAME. Hameln or Hamlin. Fourteenth century. SM.
26. Gothic letter E. SM. City of Eimbeck or Einbeck. Fifteenth century.
27. A large key in an arch flanked by round-topped towers. (The key is almost always symbolic of Salzwedel.) Legend - ZALLTWELDEL EST C. Brandenburg (struck at Salzwedel), Otto II, 1184-1206.
28. Shield surmounted by an annulet. Leg. - OTO. Brandenburg, Otto II, 1184-1206. (This legend form with the single T in OTO is one way of differentiating coins of Otto II from those of Otto I who generally used the double T in his name.)

There is an extensive series of bracteates, usually of small module, utilizing shields with arms as the principal type. Although certain of these were issued during the medieval period (especially by free cities in some areas), the great bulk of coins of this type are post-medieval or Renaissance issues and do not fall into the general category covered in this paper. These coins can be easily attributed by consulting any text containing a section on German heraldry such as Craig's *Germanic Coinages*. This particular bracteate type (sometimes a trifle scyphate) constitutes part of the group sometimes called "hohlpfennigs" by certain collectors of this series.

TABLE 3 COMMONER BRACTEATE ABBREVIATIONS

- A. - Abbas (abbot); Abbatissa (abbess); Archiepiscopus (archbishop); Arnstadt (place name); Albertus; Adolphus.
- B. - Brandenburg (place name)
- C. - Comes (count); Conradus
- D. - Dux (duke); Denarius (monetary term)
- D.G. - Dei Gratia (by the grace of God)
- E. - Episcopus (bishop); Electus (elector); Erfurt (place name); Et (and)
- H. - Henricus; Hesse (place name)
- I. - Imperator (emperor); Iohannes
- K. - Konradus
- L. - Landgravius (landgrave)
- M. - Moneta (money); Meissen (place name); Marchio (margrave)
- M.N. - Moneta Nova (new money)
- N. - Nummus (monetary term)
- N.N. - Nummus Nova (new nummus)
- O. - Orientalis (the East, meaning eastern Germany); Otto
- Q. - Quedlinburg (place name)
- R. - Rex (king)
- S. - Sanctus (saint); Saxony (place name)
- T. - Thuringia (place name)
- V. - Venerabilis (venerable - commonly found on ecclesiastical bracteates)

Certain letters are sometimes aimlessly substituted for others so that a reverse P may be used in place of Q, H in place of M and N, and E in place of C. Letters which are often simply reversed include C, E, N, S, and P. The letter E, reversed or otherwise, may resemble the letter B.

Examples of abbreviated legends: No. 41 from Table 1, C.D.G.M.V.E., is easily deciphered as "Conrad, by the grace of God, the venerable Bishop of Meissen" while the longer, more difficult Legend 94 (H.D.G.M.E.O.M.T.L.E.S.P.) becomes "Henry, by the grace of God, Margrave of Meissen and the East, Landgrave of Thuringia and Palatine Saxony." The latter example is rather extreme and most abbreviated legends are far simpler. The abbreviation sequence usually runs as follows: 1) name of issuing authority, 2) the D.G., 3) name of place or places of issue, 4) title or titles of issuing authority. Occasionally two letter (or more) abbreviations will be used such as EP for bishop, DV for duke, CO for count, HE for Henrichvs, etc. Patience and imagination are the keys to understanding this legend form.

COMMENTARY

When these tables are used as a means of identifying bracteate coins, the collector should always remember that although approximately 400 descriptions have been given only the surface of the subject of bracteate coins has been touched. For example, Schwinkowski in his text on the bracteates of Meissen alone lists over 1000 examples. Thus it is entirely likely that the tables will be inadequate for attribution in many cases. If, however, the collector approaches the subject properly, he should obtain from these lists some idea as to where his coin was struck even though he may not be able to pin point it accurately as to the exact issuing authority.

Usually the various authorities striking bracteates issued many coins using minor variations on a theme for their principal type. For example, in one series a particular figure might be facing the left while in another the type would be turned to the right. This is especially true of animal forms such as the Brunswick lion. Seated human forms were varied by changing the various implements held in the hands, such as substituting a palm leaf for a cross or shifting a crozier from the right hand to the left. Consequently, if a collector can find a coin in the lists which strongly resembles his specimen he can make a tentative attribution even though the types are not exact.

Variations are especially marked in legends. In Table 1, 250 legends are listed and at least another 100 are included in the descriptions in Table 2. The legends associated with the St. Stephen coins of Halberstadt afford an excellent example. There are dozens of various ways in which this inscription was altered ranging from a legend consisting of merely a few letters to the more complete forms of SANCTVS STEPHANVS PROTOMARTYR.

From a practical viewpoint, the author has found that as a rule in the United States the larger bracteate coins will always be classified when purchased. The unclassified bracteates with which the collector will be confronted are generally the small ones of less than one inch in diameter. In the author's experience, small mute bracteates bearing ecclesiastical types have generally been issues of Constance, Mainz, or Augsburg, while crowned types were usually struck at the imperial mints of Ulm or Augsburg. The small armored standing figures have practically always been from either Brandenburg or Meissen with the exception of the St. Maurice types from Magdeburg. The horseman bracteates have been mainly from Thuringia and are usually of Hermann II or Ludwig III. The commonest animal form, the lion, is practically always from Brunswick. Other animal forms are rarer but characteristic and are usually located easily in the tables.

The initial differentiation of bracteates bearing human forms into civil and ecclesiastical lines is simple if the collector will always remember that the sword, the crown, and the globus cruciger almost automatically place the coin in the former group while the miter and the nimbus indicate it belongs to the latter class. Again, these tables were arranged according to the principal types so that a figure associated with buildings is generally classed according to its figure and not by the structures present. If, however, the collector cannot find his coin under what he believes to be the principal type of the coin he should look in the tables concerning alternate types. With patience and imagination, the collector should be able to attribute at least tentatively 75% of his unknown bracteate coins with the information contained in these three tables.

Sales and auction catalogs from B. A. Seaby, Spink and Son, Münzen und Medaillen, B. Peus, Bullova, Schulman (both from New York and Amsterdam), Gans, Glendining, Pilartz, Tinchant, Reichmann, Hess, and others were examined to determine which bracteates have been offered for sale the past decade as well as for academic information. In cases of doubt, the attribution of the majority was generally used. Dates of reign also differed and when differences were caught, they were adjusted to coincide with those given by Craig.

NEW OR RECENT ISSUES

Described by ERNST KRAUS

BELGIUM

50 francs, 1958. Silver. Obverse: Head of King left, legend in Flemish: BOUDEWIJN KONING DER BELGEN. Reverse: Town hall and medieval guild houses in Brussels, in upper left, symbol of Fair, five pointed star, globe and date, at right, value, on the bottom the name of the designer: C.VAN DIONANT, reeded edge.

By

MELVIN AND GEORGE FULD

Collectors who can supply additional information on any of the tokens, either published or unpublished, are cordially invited to write the authors, Melvin Fuld, Apt. 1-D, Arlington Park Apts., 6701 Park Heights Ave., Baltimore 15, Md., or George Fuld, 24 Plymouth Road, Wakefield, Mass.

INTERESTING GROUP OF CIVIL WAR TOKENS

(Illustrations are slightly enlarged)

H & G 64

Obverse — Adams photographic plate number 6

Reverse — Adams photographic plate number 59

Copper, size 15, edge plain, border No. 6, struck 1863

Hetrich-Gutttag No. 64 (assigned by authors)

An unusual mule made by a die maker in or around Mishawaka, Ind. We have determined this obverse was used for pieces 3002 and 3004, the only place they appear on store cards. Because of the die work, we are confident that this die maker either moved east or sold his dies to an eastern manufacturer. If we could obtain more information on this die maker, we could solve the manufacture of a great number of Dix tokens — where and for whom they were manufactured. Any information concerning the name or whereabouts of this die sinker would be appreciated.

Obverse — Adams photographic plate number 11

Reverse — Adams photographic plate number 267

Copper, size 15, edge plain, border No. 6, struck 1863

Hetrich & Gutttag No. 100 (Piece from Barnet collection)

The above are an unusual series of some obverses with different reverses. H & G 97 reverse is completely unlisted and you can notice that this reverse is similar to reverse of H & G 96 only there is no star. The reverse of H & G 99 with ARMY and NAVY in an open wreath with no swords as in H & G 97. This reverse is the only one we have seen, and we believe it to be a trial piece which can be considered unique. H & G 96 has a variety with a small flan 19 mm. as well as a die break on obverse illustrated in H & G 98 and H & G 99. The obverse of H & G 98 illustrated has a die break on the obverse as can be plainly seen. This same die was used to make H & G 99.

H & G 146A

Obverse — Adams photographic plate unlisted, similar to 5 only cut with date 1864

Reverse — Adams photographic plate unlisted — UNION FOR EVER within an open wreath, six berries outside, five inside

Copper, size 14½, edge plain, border No. 6

Hetrich & Gutttag No. 146 (number assigned by Barnet, *The Numismatist*, Vol. LVI, No. 4, p. 256)

The obverse shown is unlisted. It is similar to Obverse No. 5 except that it has a date of 1864 instead of 1863. The reverse is likewise unlisted; only a few pieces are known.

NL-H & G 146-CW-17-Cu-14½-p. bd. no. 6-r. 8.

H & G 372

Obverse — Adams photographic plate no. 53a (number assigned by authors).

Reverse — Adams photographic plate no. 284a (number assigned by authors).

Copper, size 15, edge plain, border no. 5, struck 1863.

Hetrich & Gutttag No. 372 (assigned by authors).

This piece has an unlisted Indian Head to which we have assigned No. 53a. The reverse is also heretofore unpublished and is a variation of No. 284. This piece is not rare — only scarce. D. C. Wismer owned six specimens of this variety.

NL-H & G 372-CW-17-Cu-15-p. bd. no. 5-r. 4.

H & G 1303

Obverse—Adams photographic plate number 406.

Reverse—Plain.

Copper, size 15, edge plain, border no. 5, clipped flan, struck 1863.

Hetrich & Gutttag No. 1303 (number assigned by Barnet, *The Numismatist*, Vol. LVI, No. 6, p. 463).

This unlisted uniface was first listed by Barnet and the piece illustrated is from his collection. The planchet is slightly clipped as shown.

NL-H & G 1303-CW-17-Cu-15-p. bd. no. 5.c. r. 9.

H & G 1304

Obverse—Adams photographic plate number 412.

Reverse—Adams photographic plate number 418.

Copper, size 15, edge plain, border no. 5, struck 1863.

Hetrich & Gutttag No. 1304 (number assigned by Barnet, *The Numismatist*, Vol. LVI, No. 6, p. 463).

An unusual muling of two Indian heads and from observation and feel of the piece both obverse and reverse were struck at different times on a fairly thin planchet. This token is from the Barnet collection and is unknown in any other collection.

NL-H & G 1304-CW-17-Cu-15-p. bd. no. 5-r. 10.

H & G 1304A

Obverse—Adams photographic plate number 418.

Reverse—Adams photographic plate number 577.

Copper, size 15, edge reeded, border no. 5, struck 1863.

Hetrich & Gutttag No. 1304A (number assigned by Barnet, *The Numismatist*, Vol. LVI, No. 6, p. 463).

This piece is from the Barnet collection and no doubt the listing in *The Numismatist* is an error both in the reverse number and edge. Dr. Hetrich's notes list the obverse as 577 instead of 477 but unfortunately all he says is "1304a-418-577-C." Our tabulation of the Gutttag and A.N.S. collections shows that this piece was only in the Barnet collection and Barnet's original notes carry "1304a-418-577C-R."

NL-H & G 1304-CW-17-Cu-15-r. bd. no. 5-r.9.

H & G 1304AA

Obverse—Adams photographic plate number 417.

Reverse—GOOD FOR 25 CENTS 1862 with 2 oak leaves.

Copper, size 15, edge plain, border no. 5, struck 1863.

Hetrich & Gutttag Number 1304AA (assigned by authors).

This token is from the Barnet collection and must have been acquired by him after 1945 when his supplement was completed as his original check list does not carry the notation. It is interesting to note that the obverse carries the date of 1863, while reverse has 1862.

NL-H & G 1304AA-CW-17-Cu-15-p. bd. no. 5-r.9.

H & G 1304B

Obverse—Adams photographic plate number 419.

Reverse—Adams photographic plate number 530.

Copper, size 15, edge reeded, border no. 5, struck 1864.

Hetrich & Gutttag No. 1304B (number assigned by Barnet, *The Numismatist*, Vol. LVI, No. 6, p. 463).

This piece is from the Barnet collection and tabulated by him on July 18, 1942. It is strange that Barnet in his supplement did not mention the edges although he possessed most of the pieces; no doubt he followed the pattern of Hetrich & Gutttag in not mentioning edges in the patriot series, while H & G and Barnet both mentioned them in "Tradesman's Cards" from Number 2000 on.

H & G 1304C

Obverse — Adams photographic plate number 472.

Reverse — Adams photographic plate number 515.

Copper, size 15, edge plain, border no. 5, struck 1863.

Hetrich & Gutttag No. 1304C (number assigned by Barnet, *The Numismatist*, Vol. LVI, No. 6, p. 463).

The obverse No. 472 is similar to No. 473 with the exception that this obverse has thirteen stars around edge while No. 473 has no stars but the legend GLEASON MANUF'R HILLSDALE MICH. A. Gleason of Hillsdale, Mich., was an engraver and die sinker of note and no doubt struck this obverse as a patriotic token which was sold to merchants who did not desire to buy their own dies. It is difficult for the writers to understand why Barnet again listed this piece in Vol. LVI, No. 10, p. 797, *The Numismatist*, No. 4323, Ob.-472, Rev. 515-C-pl. This listing is a definite error as it is not a store card and should be eliminated as should 4327A and 4327B which likewise should be transferred to the Patriotic Series. This piece is from the Barnet collection and the collection has both pieces under the two numbers.

NL-H & G 1304C-CW-17-Cu-15-p. bd. no. 5-r.8.

H & G 1307

Obverse — Adams photographic plate no. 657.

Reverse — Plain with small round piece of copper in center.

Hetrich & Gutttag No. 1307 (number assigned by Barnet, *The Numismatist*, Vol. LVI, No. 6, p. 463).

Copper, size 15, edge plain, border no. 1, struck 1863.

The writers believe this piece to be the work of W. K. Lanphear of Cincinnati, Ohio. No. 657 appears on pieces from Cincinnati, Ohio as follows:

6721 — C. H. Beers

7793 — I. Rees

7834 — B. J. Ricking

8146 — Jos. Zanone

Lanphear did not use this reverse on any other store cards he made for merchants in Ohio. It is believed that this uniface was a strike for a pattern and is unique. This reverse No. 657 is one of the scarcest and all the above pieces are very scarce. Token from the Barnet collection.

Checking Dr. Hetrich's notes we find he assigned 1307 to obverse 319 reverse incuse of 319 C-Pl; in fact Dr. Hetrich's numbers 1293 through 1336 do not correspond to Barnet's listings for the same numbers.

NL-H & G 1307-CW-17-Cu-p. bd. no. 1-r.10.

H & G 1335

Obverse — Adams photographic plate no. 493.

Reverse — Eagle resting on anchor surrounded by 16 stars.

Brass — size 15, edge plain, border no. 3, struck 1863, struck on a ribbed planchet.

Hetrich & Gutttag No. 1335 (Number assigned by Barnet, *The Numismatist*, Vol. LVI, No. 6, p. 463). Also listed as Hetrich & Gutttag No. 9649.

The obverse of this piece is an apocryphal Lincoln and is definitely listed under tokens of Rhode Island. This die is used quite often with

pieces of Rhode Island making it probably the most used die of the maker of Rhode Island tokens. We agree with Barnet that this piece should be listed in the Patriotic Series and feel as he must have that a number of mules listed under the State

of Rhode Island belong in the Patriotic Series. This die has been shown in the writings of King as well as Moore.

Smithsonian Curator Studies Dahlonga

By

FRANCIS CAWTHON

Reprinted from the **Atlanta JOURNAL**, June 12, 1958, by permission

It's a rare man indeed who gets paid, both in national prestige and with a paycheck, for simply following his favorite hobby all day long.

Such is the delightful position in which Dr. V. Clain-Stefanelli of the Smithsonian Institution finds himself. Dr. Stefanelli is curator of the Division of Numismatics there. That means he keeps the national coin collection, a position any amateur coin collector would highly envy.

Dr. Stefanelli came to Atlanta to give a lecture to the Atlanta Coin Club. But while in Georgia he also will make a tour of Dahlonga, formerly a U. S. branch mint.

"I understand they are trying to cover the dome up there with Georgia gold," he said. "I think I will try to pan for gold, and designate my half ounce, or whatever it will be, for that purpose."

This trip to Dahlonga is serious business to the historian-numismatist, not just a novel side trip. "I always try to visit former mint locations," he said, "because I think we should have the background on them. We should try to preserve the American heritage. So much of it is being destroyed."

The United States coin collection — which by the way, includes pieces from Georgia's own "coin maker," Templeton Reid, in addition to some from Dahlonga — contains the largest "representative collection of modern gold coins in the world," Dr. Stefanelli says. And the reason we have it is due to a private donor. The United States currently has no provision for buying coins, medals and paper monies.

"You might say the national coin collection was started as far back as 1792," Dr. Stefanelli said. "Then they kept specimens with the idea of building a mint cabinet." There probably is no way of knowing off-hand how much Uncle Sam's collection is worth now on the current market. At any rate, the figure would be more than impressive.

And just as the collection has expanded, so has it jumped from a "mint cabinet," as the early Americans called it, to a home in a new building which will be ready for occupancy in 1960.

Dr. Stefanelli, who is an intent, conscientious sort of person, says people always expect him to be an expert on any kind of numismatic materials. "So you see, I cannot afford to make an error," he said, carefully scrutinizing a gold coin owned by a Georgian.

His interest in coins dates back to childhood. "When I was a boy, somebody gave me a box of coins, and I found a Roman coin in there among them. That started it. I had teachers who were interested in it too."

But doesn't he get tired of money sometimes, especially money he can't spend? "I never do get tired of money. I can talk about coins and paper money all day long," he laughed.

He says there are two ways to collect coins. First, as an investment, and second, the way that "makes a coin collector live longer. That is to relax, have fun, and learn about history and art." He said there is nothing like coin collecting as an aid to gaining friends quickly.

In private life, Dr. Stefanelli only has a collection of Papal medals — not a coin collection, although he has had a very fine one. But he doesn't really need one. After all, it's his vocation.

Club News

The **Rock River Valley Coin Club** holds its all-day annual meeting November 2 at the Morse Hills Country Club, Riverside Drive, Beloit, Wis. Dinner at 6:00 p.m., \$2.75. Bourse space \$7.50, including dinner ticket. Exhibits and auction. For information call or write Dave Luety, Rt. 3, Creek Road, Beloit, or Robert Branigan, 1158 Central Ave., Beloit, Wis. (telephone EM 2-5000).

The **Stamp and Coin Club of Roanoke, Va.**, was saddened at the death of its secretary and past president, Leonard H. Urquhart. A resolution was adopted which praised Mr. Urquhart as "an active, loyal club member" who gave "generously of his time and talents" and as a "faithful, devoted husband and father."

The annual jamboree of the **Galveston County Coin Club** will be held in the Civic Center, Texas City, Texas, on October 25, from 8:00 a.m. until 10:00 p.m. "Bourse tables, auction, door prizes, free coffee and doughnuts," says Mrs. Floyd Franklin, Secretary, 1144 7th Ave., No., Texas City, Texas.

At the August meeting of the **Oak Park Coin Club**, members were shown movies of the mint in action. On display were odd and interesting coins of the world, Harry Flower; proof dollars, including the 1895 "Black Lady," Robert Reynolds; die, and medals struck from the die, for tokens of the Bank of Gold Gulch, 1953 A.N.A. convention badges in various metals, Glenn Smedley.

The special pre-convention meeting of the **Southern Hub Coin Club** was highlighted by the presence of Lou Werner, A.N.A. sergeant-at-arms, C. C. (Tim) Shroyer, member of the board of governors; and Lewis Reagan, general secretary. Reagan gave a talk about the growth of the A.N.A. in general and of coin clubs in particular.

Grace Brainard presided at the August 28 meeting of the **Bay Cities Coin Club**, Emil Conrad being absent. Members heard a report on the Los Angeles convention of the American Numismatic Association.

At the 223rd meeting of the **Cleveland Coin Club**, Myron Sobotta showed British proof sets of recent date; Matt Gazso, German proofs; Joe Lukas, foreign coins; Thelma Hiltbrunner, 10 small dolls in foreign costumes.

Rochester Numismatic Association officers for 1958-1959 are Dr. John M. MacMillan, president; Charles J. Ricard, vice president; Edward A. Gilroy, treasurer; Herbert W. Vanden Brul, 628 Harvard St., Rochester 7; Burdette R. Nash, librarian; Floyd B. Newell, curator.

Lt. James M. Ivy gave an enlightening talk on coin grading at the anniversary meeting of the **Tacoma Coin Club** August 22. Mrs. Tony baked a "birthday" cake and served it at this meeting.

The fourth meeting of the **Central Coast Coin Club** was held in the City Recreation Building August 4. Short talks on the handling and care of coins and grading were given by Del Basetti and Bill Keech. Future meetings will be held the third Monday of the month. "You are invited to visit the meeting," says Donna Mills, Secretary, 1744 Garden St., San Luis Obispo, Calif.

Ralph Mitchell gave a talk on so-called dollars at the 53rd regular meeting of the **Peninsula Coin Club** and exhibited about 60 specimens. Michael Dolnick, A.N.A. Custodian of Slides, was a guest.

Slides showing various types of paper money were shown by Dr. Leonard Rothstein at the July 28 meeting of the **Maryland Numismatic Society**. Mrs. Plumer showed a collection of medals. At the preceding meeting, June 23, Dr. George Fuld spoke on Washington pieces; in the question and answer period following, it developed that most of the tokens were struck in Europe and many of them were made by engravers interested in showing their skill.

The **Muncie Coin and Stamp Club** has been thrilled by winning first in National Coin Week. It was also active at the local county fair, manning a booth that attracted many potential new members. New officers are Herb Riley, president; Darrell Miller, vice president; Mary McKnight, recording secretary; Mary Alice Talbert, corresponding secretary; Charles Miller, Treasurer.

The **Westchester County Coin Club's** meeting of August 19 attracted 23 persons and 11 exhibits. Some of the latter were 32 N. Y. merchant tokens by R. Gallo, Victoria five-pound gold piece by W. K. Hessberg, complete type set of fractional paper money and seven New York State medals by Wm. Lighte, U. S. fractional currency and English coins by J. E. Massey, fractional currency by Thomas Morris, the same by Chester Olmstead, Hudson-Fulton medals, by E. Weidhaas, New York World's Fair Baker & Co. 5 oz. platinum medal by Mrs. Weidhaas. Other exhibitors were W. Golchberg, W. L. Marlatt, Frank Montanaro.

Pacific Coast Numismatic Society held its 510th meeting with Don Rhodes as the speaker. He gave a comprehensive report on the activities there. John Ohls received third award exhibit in foreign

coins. Other PCNS exhibitors were Milton Strauch and Clifford Liss. Roy Hill was appointed chairman of the committee to assist in rebuilding the Philippine Numismatic Library. Lesley Lodge exhibited the Brussels Fair 50 franc silver coin. A book by Carlo M. Cipolla, was donated to our library by Prof. Cipolla, who addressed the society at the March meeting.

President Leo Young welcomed 92 to the August meeting of the **East Bay Coin Club**. John Ohls announced a coin-ival to be held in Sacramento on the last day of the California State Fair. A new Bell and Howell slide projector was purchased through the efforts of Ed Fogler and Gil Eaton. The projector, used to show slides, will serve as a memorial for deceased members of the East Bay Coin Club. The program for the evening appropriately featured A.N.A. slides on "Postage and Fractional Currency."

Pacific Coast Numismatic Society's July meeting had as its topic "Communion Tokens." David L. Redfield gave an interesting talk on these tokens and displayed a collection of them. He also displayed a scarce out-of-print book on the subject from which his interest in these tokens had grown. They were used in Christian churches of various denominations mainly in the British Isles.

The 142nd meeting of the **San Jose Coin Club** was held with 37 present. Plans were made for setting up an exhibition booth at the Santa Clara County Fair. Junior members, Tom Hill and Tom Boyce, exhibited a collection of Indian cents and a misprint dollar bill.

The **Old Fort Coin Club**, Fort Wayne, Ind., will hold its first open house and coin exhibition November 9 from noon to 10:00 p.m. at the Fort Wayne armory. There will be dealers bourse, coin exhibits with ribbons to the winners, attendance prizes and free parking. For information, write Secretary A. D. Noble, 2610 Huntington Rd., Fort Wayne, Ind.

The **Long Island Coin Club** held its July meeting in the new Roosevelt Field Branch of the Franklin National Bank as guests of George Becht, a member and one of the officers of the bank, who took second in the competition for National Coin Week. The topic of the evening was colonial and early American coins. Exhibits: D. J. Passaro, Washington tokens; Hugh Stone, pillar dollars, Conn. cents; Bob Jenove, early silver dollars; John Breen, one-half dime 1792; George Becht, presentation book for National Coin Week contest; C. J. Edgar, 2 reales 1776; Aaron Feldman, encased bank framed cents; R. Gallo, 1793-1798 cents; Bill Thompson, bar cent; Stanley Beck, reeded edge 1955D cent; Richard Picker, colonial coins; Marie Moore, 1793 chain cent and 1793 values and bars cent. Other exhibitors were Emil Voigt, Morris Bram, T. A. Vince, and Joseph Salerno.

The topic of the August meeting was foreign paper money. Max Kaplan and Harold Schornstein reported on the 1958 A.N.A. Convention in Los Angeles. Harold Schornstein took first place for his exhibit of paper money. The Long Island Coin Club will be co-sponsor, along with the Westchester Coin Club, of the 1959 Metropolitan Convention to be held in New York City on May 1, 2, and 3. Michael Granis will be chairman of the

convention. Exhibits: Morris Bram, paper money of Budapest; West German proof set; Michael Granis, pictorial story of playing card money; George Becht, frame of necessity coins that were exhibited and explained on the Dave Garroway television show; Emil Voigt, foreign paper money; Harold Schornstein, photographs of the exhibits of the 1958 A.N.A. conv.; R. Gallo, large cents 1820-1841; Hugh Stone, Half dollars 1795-1836; Dan Messer, service medals of World War II and Korea; Franklin Simonson, coins of South, Central and North America; Bob Jenove, box trade dollar; Jos. Salerno, coin books, Maundy Victoria set, British crowns. Other exhibitors were Ralph Rhyce, Wm. Thompson, J. Rabowski, Bernard Turov, Al Rogoff, Stanley Beck, John Breen, Vincent Alones and Marie Moore, John Hughes, Fred Schornstein.

Over a hundred people attended the annual family picnic of the **William Penn Coin Club** of Philadelphia on July 20th at Fort Washington State Park, Flourtown, Pa. At the 23rd meeting on July 22nd Samuel Burdorf exhibited and spoke on playing card money, describing its use in French-Canadian colonies from 1685 to 1759. Daniel Lorden exhibited a William Penn portrait medal bearing the name of the club which was just struck in bronze and sterling silver.

The **Shenango Valley Coin Club** held its 63rd meeting August 21 with President Homer Swanson presiding over an attendance of 133.

Hereafter the **Heart of America Numismatic Association** will meet on the first and third Mondays of each month, the first being given over entirely to a coin auction and the third to business meeting and scheduled bourse.

Harold Allen, Montreal Coin Club president, addressed the **New Jersey Numismatic Society** on the subject of Canadian numismatics. Sixteen were present.

Dr. Peter Berghaus, Curator of the Munster Museum in Germany, spoke on "Present Day Numismatics in Germany" at the 299th meeting of the **Bronx Coin Club**. There are approximately 2,000 German coin collectors, Dr. Berghaus estimated.

At the July 14th meeting of the **Queens County Coin Club**, Alfred Szego read a paper on foreign coins, explaining pricing and the difficulties in getting them. Boris Wishy displayed Swiss 10 ducats gold and a 10 ducat piece of Germany, along with a Portuguese military order and Caribbean proof set.

The July 13th meeting of the **Southern Hub Coin Club** brought an attendance of 131. Wooden money in 1¢, 2¢ and 5¢ was issued by the Inglewood Golden Anniversary Planning Committee; write to Robert Wiener 3320 W. 71st St., Apt. 6, Los Angeles 43, Calif.

At the 474th meeting of the **Chicago Coin Club** on July 9, there were exhibits by eight members, outstanding of which were Mike A. Powills' proofs and patterns of Ceylon, China, Cuba, Denmark, Ethiopia, French Equatorial Africa, and Great Britain and Leonard W. Stark's exhibit of a set of \$3 proof gold pieces, lacking two. August Hauske told about meeting a man that evening whom he

had not seen for 54 years when they were in school together, another member, Albert J. Frendahl. An excellent paper on commemoratives was presented by Francis Dorsey. Two movies were shown, "Let's Take a Trip" from the Medallist Art Company and F.B.I. film on counterfeits.

Of special interest at the 67th meeting of the **Inland Empire Coin Club** in Spokane on July 1, was a program provided by a member of the United States Secret Service who brought us an excellent film on the general activities of that department and on counterfeiters. A question and answer session clarified many of the puzzling things about counterfeiting activity, and how it can affect the average normal citizen in his daily life. Greatly enlarged facsimiles of both genuine and spurious U.S. currency served to demonstrate the visible differences to look for in printing and engraving details, etc.

At the 33rd meeting of the **Montreal Coin Club**, Dr. Kenneth Gaver showed a book of proof notes "liberated" by a friend from Hitler's private library which contained all of the paper currency specimens existing in Germany to that period. R. Verity exhibited 13 tokens of the United States and Canada, a dollar bill of Canada, 1923. Proof-specimen without serial numbers, signature or seal and a dollar bill of Canada, 1954 issue, with both signatures in reverse on reverse side of the bill. Don Allen said that it was very unusual to see this with so heavy a printing of the reverse signatures.

At the **Monterey Park Coin Club's** August meeting, a Boy Scout came out on top in a "Twenty Questions" quiz.

On June 16 the **Santa Ana Coin Club** was organized in the office of Joe Steele, 1509 N. Main St., Santa Ana, Calif. Its membership is already 77. Officers are B. L. Phillips, president; Clive Knight, vice president; Capt. R. E. Hersey, secretary; Virgil C. Lorenz, treasurer. Charter Member No. 1 is Joe Steele.

Exhibitors at the July 2 meeting of the **Cleveland Coin Club** showed a 1907 Saint-Gaudens \$20 gold piece (Jean McKay); coins picturing animals (Marge Gold); imperfect \$1 bill (Jack McKay); world quarters (Joe Lukas).

Exhibits at the 302nd meeting of the **Brooklyn Coin Club** were: Japanese tempo oban 1838 (Boris Wishy); 90 varieties of Civil War tokens (Rev. Frank H. Hutchens); Ming note (Michael Granis); 1957 Hamburg proof set (Melvin Hennish). Other exhibitors were Philip Ribner, Emil Voigt, J. A. Brown, Vincent Nicoletti, Irving Vengrove, Simmons, Tony Sebrowe, Jack Feilerstein, H. S. Bernstein, Ray Gallo.

The July 16 meeting of the **Bergen County Coin Club** drew seven exhibitors, J. A. Brown, Newark Coin Convention wooden money; A. R. Feldman, medals honoring George Heath, A.N.A. founder; Charles Fuhr, "History of French Medals"; R. Gallo, Italian 500 lire silver, 1958; R. Forbes Canadian five cent set in silver; Matt Krzastek, mint errors; C. W. Pannicke, 5c pieces.

Harry C. Bartley, on behalf of the **Pittsburgh District Token Collectors Club**, presented to the **Western Pennsyl-**

vania Numismatic Society's August 5 meeting a copy of the reprint of Atwood's catalog of transportation tokens and also exhibited a number of tokens. A set of "educational notes" was shown by Ray Byrne along with a type set of pattern 20¢ coins. Richard Foley displayed the 1847 Victoria gothic crown lettered edge proof and the Bern thaler of 1798 unc.; Dr. Paul Gillis showed medals of English rulers and medals of the Crimean and South African wars, silver medal of Sir Christopher Wren and St. Paul's cathedral, J. M. Kennedy's exhibit consisted of English pattern silver, Masonic medals, U. S. gold, medals of the DAR and Pa. Society of Colonial Dames.

At the July meeting of the **Liberty Bell Coin Club**, one feature was a display of assay medals by Harry Forman. These medals were made in various types of metal and were issued by the U. S. Mint and presented to members of Mint Assay Committee as a token reward for the services they rendered. Harry Forman is one of only about 10 collectors throughout the U.S. who are interested in these medals. Interested collectors may write to Harry Forman at 1721 Fox Chase Road, Phila. 15, Pa. for further information. President of our club, Pat Vassalluzzo spoke once again about the idea of having future Proof coins with mint mark on them. Secretary Joseph Weintraub read letters he had received from many collectors who said that they like the idea of mint marked proof coins.

Rear Admiral Oscar H. Dodson, USN (Ret.), President of the American Numismatic Association, was greeted by a record attendance of 93 at the **Atlanta Coin Club's** 475th meeting July 8, with President Jackson Bennett presiding. The Admiral spoke on Greece, a country with a heritage more glorious than any other nation, for when the ancestors of other races were still living in barbarism, Greece was the one great country of the world. Out of its civilization came most of what we cherish today—a concept of the dignity of man, of the dignity of life, and this concept produced the most beautiful coins that ever existed. The beauty and simplicity of this concept gave their coinage the same love reflected in their arts and architecture.

He related the highlights of a recent trip to Greece and his talk was supplemented by his own set of slides, of breathtaking beauty, color and clarity, projected by his lovely wife, Polly. The slides showed what is left today of the Acropolis, the fortified religious center of Athens, reached by a stairway of 60 marble steps leading to colonnades or porticoes, built of white and black marble which was quarried 21 miles away and rolled by slave labor to Athens and uphill. In the center was the most sacred temple, the white marble Parthenon, dedicated in 438 B.C., and considered the most perfect building ever constructed. With not a straight line in the 228 x 101 foot building, designed to compensate for the optical illusions of humans, the 50 great fluted columns, 30 feet high, while appearing parallel, would actually meet at a point 1600 feet above the temple. Another slide showed the Temple of Athena, goddess of intellectual wisdom, known as "Wingless Victory"; it was believed victory would never desert the people if Athena could not fly away. Slides of

ancient Greek coins included one bearing the owl, the symbol of Goddess Athena ("wise as an owl"), with wide, unblinking eyes and a sprig of olive; the important olive meant food, heat and light to the people. A coin of ancient Corinth, about 450 B.C., showed the winged horse "Pegasus." It was believed that wherever Pegasus swooped down and touched ground, there a spring of water would gush forth. The reverse of this coin showed the helmeted head of Athena, the only person divine or mortal wise enough to capture Pegasus.

Blaise J. Dantone expressed to Admiral and Mrs. Dodson sincere appreciation for their visit here and for one of the most fascinating programs ever given before this club. President Bennett announced the recent formation of coin clubs at Fort Benning and Savannah, Ga., and also told of his appearance as a coin collector on an educational TV program in Athens, Ga. George Todd and Secretary Margaret C. McAuley reported their appearance as collectors on Dean Dickens' "Party line" on WAGA-TV, Atlanta.

On August 10th an illustrated talk on "Coins of Special Significance" was presented by John Habeger at the **Billings**

Coin Club. Numerous old coins were pictured, including one minted in 1486, the first time that a coin appeared with a date on it. It was announced that the club would have a display in the Arts and Crafts building at the Midland Empire Fair. On August 28th coin slides with narratives by John Habeger highlighted the club meeting.

The **Trenton Numismatic Club** held its 69th meeting May 5th, with President Walter Caines presiding. William Wright, who was the only one to have an exhibit at this meeting, displayed several half dimes, the First Canadian proof set, colonial coins and silver dollars, gold dollars, the two types of 1917 quarters, a general MacArthur set, an imitation \$50 gold slug, and many other coins of interest. May 8th the club held its Sixth annual dinner with 25 present. Exhibit awards were: First prize of an unc. Oregon Trail commemorative, Alex Candelori; second prize of a book on paper money, Joe Scott; third prize of a 1957 proof set, William Wright. On July 7th, the club held its meeting with Vice President Dick Burd presiding. Exhibits: Gold dollars and foreign gold by William Wright; Unc. "v" nickels, freak coins, and two \$20 gold pieces by Norman Pullen.

ADVERTISERS PLEASE NOTE ALL FOLLOWING CONDITIONS

All correspondence relating to advertising should be addressed to the Assistant Advertising Manager, S. W. Freeman, P. O. Box 591, Newport, Ark. Make all remittances payable to the American Numismatic Association.

Advertising Contracts: These are available, covering periods of three, six and twelve consecutive months for display space as listed in the above Table of Rates, and are necessary if the schedule of reduced rates is to apply. If the advertiser prefers not to accept the Contract, such reduced rates will be granted only upon payment in advance for the period desired.

References: All advertisers who submit copy for the first time are definitely requested to furnish therewith banking or other satisfactory references.

Available Space Units: Practical considerations restrict the allocation of space units to those listed in the above table. Any amount of space (subject to any current limitations) is available IF these units or a combination of them are used. Unless contrary instructions are given, copy will be cut if found too full for the space designated; if no designation is made, it shall be understood the amount of space is left to the discretion of the Advertising Manager.

Unless under contract, smaller units than one-half page accepted subject to available space in desired issue.

Deadline: Copy must be received by the Advertising Manager by the 7th of the month to insure insertion in the following month's issue.

Illustrations: All cuts to be provided by the advertisers, care being used to see that they do not exceed in measurement the limits of the space unit desired. The Advertising Manager will, when requested, have suitable cuts made from furnished photographs.

We cannot accept mats.

Miscellaneous: Please furnish copy separately from your letter of transmittal. Advertising copy included in the body of a letter usually has to be retyped for the printer; this should not be required. **Mail Bid Sales listing not acceptable.** It is also the policy of the magazine to limit its advertisements to those of numismatic character.

Preparation of Copy: Advertising copy should be prepared with minute care. Carelessness invites error—something which both advertiser and publisher are anxious to avoid. Use only one side of the sheet. Send originals, not carbon copies. Use only paper of good quality, and not of extremely light weight.

In the absence of an Advertising Contract, when payment in advance for any number of consecutive months has been made, if change of copy has not been received by the 7th of the month for the next issue, the latest preceding advertisement will be run.

Advertisers may use a trade name, but, except in the case of an incorporated concern, the name of the proprietor or some other responsible person connected with the firm must also appear in the advertisement.

The right to edit copy, to require payment in advance, and to decline any advertisement is specifically reserved.

COIN GALLERIES CREATES A NEW SERVICE FOR YOU

If you are tired of paying high prices for American coins, or are bored by the speculative aspects of the current market in U. S. material, COIN GALLERIES has a suggestion for you. To put a thrill back into coin collecting, turn your attention to Ancient and Foreign coins. You will be able to get a new thrill from history and avoid the drudgery of chasing dates. You will find satisfaction in owning contemporary works of Greek and Roman art, gaining familiarity with the faces of men and women whose names are familiar to every school boy — Nero, Elizabeth I, Louis XIV, Napoleon — or tracing the course of significant world upheavals like the French Revolution, in the coins of the time.

To help you we are instituting a bi-monthly Subscription Price List of Ancient and Foreign Coins. The cost is \$2.00 annually, refundable upon receipt of your first order for \$10.00 or more. You will also receive our Auction Sale Catalogues without charge. The new list will carry illustrations and short articles of Numismatic interest, in addition to broad selections of coins in many series, and Numismatic Books. Special attention will be given to the beginner, although the advanced Collector will also find rarities and choice pieces at reasonable prices.

Don't miss this chance to broaden your interests. Protect yourself against those family TV shows by starting to collect Ancient and Foreign coins NOW. Subscribe at once! The first issue, dated October-November, is in preparation.

Announcement

I have never been one of those who feel that you can keep on plugging without a vacation, so I have chosen the month of October to get away for a much-needed respite from office duties.

My itinerary calls for a short stay in Southern California; then on up to Carmel; to San Francisco and then over to Denver, Colorado and home.

Will return home November 1st and if I can be of any numismatic service to you, shall be very glad to hear from you and assure you of my best personal attention.

HAVE YOU EVER WONDERED?

Have you ever wondered where Empire Coin Company obtains its coins? Many people have. They want to know where Empire Coin Company, which has offered its customers items such as an 1876-CC twenty-cent piece, 1894-S dimes (two of them) and an 1838-O half dollar in recent months, is able to obtain such choice material. Do we order our rare coins from a wholesaler? That seems unlikely. Where do we get them?

The answer is simple. We get our rare coins from you, the people who sell to Empire Coin Company. There is one reason we get them, and one reason only. We pay more. Empire Coin Company has handled within recent months or has in stock at present every date and mintmark of all series and denominations of coins listed in the Guidebook — from half cents to trade dollars — with the exception of fewer than ten coins. This includes at least one of every United States silver coin minted since 1892 — in Uncirculated or Proof condition, with no exceptions! Our high buying prices (our recent "buy" ads in *The Numismatist* and the Numismatic Scrapbook Magazine have caused considerable comment) bring the rare coins to us. Many people are learning that once they offer rare coins to Empire Coin Company they need to look no further for a buyer. It is a fact that we have purchased over 80% of the collections that have been offered to us. These collections were valued from several hundred dollars to over one hundred thousand dollars. Our willingness to pay more is the reason for our very high percentage of buying success. We invite you to contact Empire Coin Company when you consider selling. Many have benefited from selling to us. You will too.

Spot Valuable Coins Quickly!

Spin the dial

and discover valuable coins in your pocket change! That Lincoln Penny, Buffalo Nickel, Liberty Dime, or Standing Liberty Quarter in your pocket may be worth a lot more than a stick of gum, a bar of candy, a telephone call or a cigar.

Tell-A-Coin

Makes identification of valuable coins easy. Four guide wheels — for pennies, nickels, dimes, quarters — list current values of choice, fine and good-condition coins, by date, by mint. With each set you also receive a booklet that will help you in the sale of any choice coins that come your way.

GOLD and PLATINUM COINAGE OF IMPERIAL RUSSIA

1701 - 1911

by

H. M. SEVERIN

The only definitive work in the English language.

At long last, a specialist's complete listing and description in English of the Russian Gold and Platinum series. This work is the sum total of all source material, containing all types, varieties, mints, mintmasters, mint reports, rarities and hitherto unpublished specimens from Peter I through Nicholas II.

About 200 illustrations plus a supplementary listing of current market values round out a handbook which will prove informative, lasting and a standard reference tool.

A limited number of copies are being printed, so reserve your copy early.

THE NEW SECOND EDITION OF:

"A GUIDE TO COIN INVESTMENT" Price \$3.00
(plus 25 cents for postage and handling)

Presenting an analysis of the growing area of numismatics — a book for the future based upon the lessons of the past and the coin trends of today. This book has been developed after much study by a group of government research scientists interested in coin collecting.

Particular attention has been given to an examination of the influence of a "recession" upon numismatics.

CONTENTS

- Trends in Coin Sales — some up, some down.
- Trends in Coin Prices — many are going up but a few down.
- Price Resistance — most dealers deny it but it exists.
- Coin Profits — A new problem coming
- The Coin Purchaser — He is undergoing a change.
- The New Market Tone.
- Canadian Coins — coming up strong.
- The Current Investment Picture
- Coin Notes From Across the U.S.
- Numismatic Magazines
- Numismatic Newspapers
- Coin Publications — Which ones are read by numismatists?
- Coin Clubs — sometimes an attendance problem.
- Number of Coin Collectors — edging upward.
- Geographical Distribution of Coin Collectors — by states.
- Distribution of Coin Collectors — by ages.
- Coin Preferences and Popularity — by ages.
- Extent of Coin Collection Completion
- How Much Is Collected by Each Collector?
- Coins Most Apt to Be Sold by Collectors
- Future Collecting Plans of Collectors
- The Silver Dollar as a Collector's Item — It has its advantages and disadvantages.
- Current Coin Investment Situation — Sometimes in a turmoil.
- Amount Spent Annually on Coins
- Number of Coin Dealers in the U.S.
- Sorting of Coins — To become less profitable and more time consuming.
- Particular Investment Techniques Practiced
- Statistical Location of Scarce Coins
- The Cleaning of Coins — Some advantages, but some disadvantages.
- Problem of Grading Coins — No easy solution but can be overcome.
- EXTENT OF COIN PRICE INCREASES FOR 1957 over 1955, 1958 over 1957.

JUST ONE MAN'S OPINION

The Carson City Dollars are the most underpriced series of all coins minted.

All one has to do is check the number minted of each year and you will see that there will never be enough to supply our five (5) million or more (estimate) collectors.

Take the 1885 with only 228,000 minted. This would be one for about every 21 collectors.

Second comes the 1881 with only 296,000 and so on.

I have a few sets of the 1880 through 1885 complete in Strictly Brilliant Uncirculated. For set of six (6)\$21.95

Below are my prices for single coins . . . all Brilliant Uncirculated:

1878 CC. Proof Surface \$ 6.00	1885 CC. Brill. Unc. \$ 5.00
1879 CC. Proof Surface 20.00	1885 CC. Proof Surface 7.00
1880 CC. Brill. Unc. 6.00	1889 CC. Brill. Unc. 90.00
1881 CC. Brill. Unc. 5.00	1890 CC. Proof Surface 6.00
1882 CC. Proof Surface 5.50	1890 CC. Brill. Unc. 4.50
1882 CC. Brill. Unc. 4.00	1891 CC. Brill. Unc. 4.50
1883 CC. Brill. Unc. 4.00	1892 CC. Brill. Unc. 5.50
1884 CC. Brill. Unc. 4.00	

Please keep in mind that I guarantee every dollar I sell to be Strictly Brilliant Uncirculated.

Money back guarantee plus return postage if not pleased.

My second offering for this month is, in my opinion, a small set with a future. The War Time silver Nickel consisting of 11 coins minted 1942 to 1945 (see Red Book). This set in Brilliant Uncirculated is beautiful and also underpriced in this booming coin market. My price for the complete set is \$4.50.

The 1943-D is, of course, in this set, and this is one that I compare in value to the 1942-D which is selling today for \$4.50 each.

Please add 35¢ handling charge.

Penn. collectors must include 3% State tax.

Prices subject to change and prior sale.

My references A.N.A. No. 7547.

You Were Lucky

if you purchased the

MERIT COIN HOLDER

at its original price of thirty-five cents! Thousands have been sold at that price, but we can no longer maintain that price.

Rising production costs make it necessary to increase the price to

50c

**AND IT IS A BARGAIN
AT THAT PRICE!**

THE MERIT is a 4-page book that lies flat when open! 7½ inches wide, 5¼ inches deep, it has a deep green cover with bright silver imprint. Each coin slot is identified . . . and there is NO gum backing!

Whitman COIN FOLDERS

ONLY **35^c** EACH
AT YOUR
HOBBY
DEALER

**Look! Opens flat . . .
with all coins visible!**

Preferred by coin collectors . . . Whitman coin folders. When open, Whitman folders lay flat with *all* coins visible. When folded, they become book-size for convenient storing in bookcase, desk or lock box. Protect your coins from loss and damage, while classifying your collection for easy reference and filing. There are available 45 different Whitman folders for nearly all the United States coins from one cent to dollar values, and 18 different folders for Canadian coins.

JOHNSON'S APPROVAL SHIPMENTS

•

Hundreds of satisfied customers have found "Johnson's Approval Shipments" the easy, convenient way to build up their coin collections.

•

If you can make monthly payments of \$10.00 or more, then we are in business. Just send me a list of the coins you need in any series: Half Cents to Gold coins, Paper Money, Foreign Silver Dollars, etc. Or a list of the coins you now have, if more convenient.

•

On receiving your list, I will send different coins on approval. You then return any you do not want to keep, and make payments of \$10.00 or more a month on coins retained. As you make payments, I will send more coins.

•

You will find that "Johnson's Approval Shipments" bring you the best coin values you can get.

•

If you have no special series in mind, why not start on a TYPE SET of Commemorative Half Dollars? This is a beautiful collection, of interesting Half Dollars depicting important historical events. Due to increasing scarcity, these coins are going up in value all the time, and are a good investment in addition to being the most popular series in U. S. coins. I would like to send an album with your first shipment, so you can keep the coins protected from handling and in neat order.

•

Send me your list now, and your first approval shipment will come by return mail. Join the hundreds of collectors who are building up their collections with "Johnson's Approval Shipments."

•

Am breaking up nice collections of U. S. Silver Dollars, Half Dollars, Nickels, Foreign Silver Dollars, a choice collection of Canadian coins. Please send want list.

•

I WANT TO BUY — Commemorative Half Dollars and other nice coins or collections. I buy and sell on close margin, and you are assured of a fair deal whether buying or selling. Send me the coins you want to sell, by registered mail or railway express. I will look them over and send you my best offer and check, then will hold coins for your reply. If no deal, I will return coins and no harm done.

All of us whose interests lie in the field of numismatics have sustained a great loss in the passing of Burton Saxton, business manager of the ANA.

In our many years of pleasant relationships, he revealed himself as a gentleman in the finest sense of the word, and a great student of numismatics. His has been an unforgettable influence for good.

THE STORY OF PAPER MONEY

By
FRED REINFELD

\$3.95

If paper money is your hobby, this book will be your delight. Here are the lively, little-known stories behind the world's

currency — paper money that first appeared in China, Canadian playing card money, Colonial American notes, state money, wildcat bank currency, "shin plasters," fractional currency, greenbacks and our current small-size bills. A gold mine of information, and an up-to-date premium catalogue of U. S. bills. To order copies just use the handy coupon below.

Sterling Publishing Co., Inc.

Useful for cleaning all kinds of coins, but particularly adapted to cleaning coins of copper or nickel.

EASY TO USE AND ECONOMICAL!
FAST ACTION — IT ACTUALLY
CLEANS IN SECONDS!

Does not add shine, but brings out natural color, including original brilliance if it is still there under tarnish or coating. Dull or dark uncirculated coins become brilliant uncirculated coins in seconds.

This result of years of experiment can be safely used on valuable coins to improve their appearance and increase their value.

On sale in many leading stores in 4-oz. bottles, with full directions, at \$1.00.

If your dealer does not yet have it, send us \$1.00 for 3-oz. bottle (enough to clean hundreds of coins) carefully packed and postpaid to any address in the United States or Canada.

UNITED STATES SILVER DOLLARS — ALL UNCIRCULATED

These are today's best buys when all other coins are very high in price. Many are far older and far rarer than Lincoln Cents, but still selling Unc. for double face. What Lincoln Cents can you buy for double face, or any other coin for that matter. Better buy while the price is still low. These have light mars, as all dollars seem to, but are all carefully selected copies. Maybe a few Cents higher, but worth it.

PENN - OHIO COIN CLUBS . . . 20th ANNIVERSARY

BIG CONVENTION OF 1958

November 14-16 Hotel Webster Hall, Pittsburgh, Pa.

Here's why you should make sure to attend:

Fine displays from Civil War tokens through currency — coins of all kinds: ancient, foreign and U.S. — See them.

Dealers' bourse: Record number of dealers will have bourse tables. Here you will meet the leading dealers. They will bring a fine assortment of coins for your selection. There will be an elegant banquet, international speaker and many notable numismatists will attend.

A full program is arranged for your entertainment. Now the main event is the

AUCTION SALE

It is outstanding, very rich in Americana, a varied assortment of material. There should be something for you whatever you collect: Civil War tokens, Hard times tokens. The largest collection of calendar tokens ever to be offered, Prize winning lot of Colonials, Patterns, So-called dollars, U.S. half cents through gold coins, except the four and the fifty dollars.

U.S. PROOF coins, a choice Gem set, the best I have ever offered, contains all the silver coins 1858 to date; few early specimen PROOFS: silver three cents, 1855 to 1857, half dimes, 1856, etc.; some of the rare dates are: silver dollars, 1858 and 1895, halves and quarters, 1914, 1915, etc.; some rare varieties of PROOFS seldom offered: two varieties of the 1873 two cent piece, two varieties of the 1865 nickel three cent piece, two varieties of the 1892 dime, type one recently discovered, two varieties of the 1892 quarters, four varieties of the 1873 half, etc.; Foreign coins from minor coins through Crowns and gold, Ancient coins, nice lot of Confederate currency and bonds, large lots, "many pennies," etc., etc.

\$950.00

SET LIBERTY NICKELS

Complete set Liberty Nickels, 1883-1912. All proofs excepting 1897 (AU) and 1912 D & S mints, Unc. Nicely mounted in a black plastic holder. Mostly nice, some are spotted. Specially priced at about 25% discount under current book listing.

\$625.00

UNC. SET LINCOLN CENTS

Complete set, 1909-1953, mounted in coin pages. All uncirculated, many choice. This is an old set, uncleaned and untouched, mostly reddish to brilliant. The "key" pieces are sharp, and altogether an exceptionally nice set. Offered at a savings of over 25% under current book listing.

\$925.00

SET INDIAN HEAD CENTS

Complete set, 1857-1909. Nice uncirculated set, including of course the 1908-S and 1909-S. Mostly choice, only the 1871 being an inferior specimen. The 1877 is sharp and choice, etc. No overdate, however the 1894 is a choice gem with an outstanding double-cut date. The set offered at a savings of about 25% under current book listing.

FOREIGN COINS

Monthly — sometimes oftener — my fixed price lists offer a wide range of foreign dollars, scarce minor coins, useful lots and small collections. An interesting group of Brunswick-Luneburg talers and an extensive series of Transylvania are now in preparation for listing. If you have not seen my lists, it would be worth your while to let me have your name and an indication of your particular interests. And by all means let me know if you have good foreign material to dispose of.

ACHTUNG! If you recently began collecting older Central European coins, this message is for you: Don't stop with labeling that envelope "Germany? 1754." Scores of states issued dozens of denominations in that year. Where is yours REALLY from? Who struck it? What was its face value? These answers, essential to any real identification of your coin, are fun to find in **GERMANIC COINAGES**. This 256 page handbook/encyclopedia enables you to identify most of the 300,000 Central European coins minted 800 AD-1918. And once your coin is identified, you can estimate its value from tables in the text.
